“Healthcare is currently changing and innovating at an amazing pace, with new modes of technology leading the charge. We found there was a pressing need to share the latest

The unique three-hour social format includes a one-hour conference program and curated expo area showcasing some of the most innovative health tech products on the market today. The Summit will be held on **Wednesday, October 27th, from 6pm - 9pm at Tribeca Rooftop, a COVID-safe venue located at 2 Desbrosses Street in New York City.** Members of the media and industry analysts are invited to attend a half-hour

insights with leaders driving the change and wanted to gather a group of the top experts on health technology to showcase the latest innovations that will change the future of how healthcare and health plans are delivered,” said Edmundo Gonzalez, CEO of Marpai, Inc. “The SMART Summit was created to inspire and educate leaders with open discussions on the advances in health technology and to start thinking about how to reimagine healthcare.”

The brief conference program is designed to inspire attendees to think critically and creatively about how AI and other advanced technologies are impacting the delivery of healthcare in the US and around the world.

The keynote speaker, Dr. Daniel Kraft, is Chair of Medicine at Singularity University and Founder and Chair of Exponential Medicine, a unique cross-disciplinary program which explores how rapidly advancing, convergent technologies can shape the future of healthcare. He also serves as an advisor to several leading biomedical and digital health startups and has spoken at six TED and TEDMED events.

Other speaker highlights include Adam Russo, Co-founder and CEO of The Phia Group and Jennifer Kent, Vice President of Research at Parks Associates.

The conference concludes with a panel about the future of healthcare moderated by Ruth Reader from *Fast Company*. Panelists include Minerva Tantoco, CEO of City Strategies and Former First CTO for the City of New York, Ramses Alcaide, CEO, Neurable and Rahul Mehendale, Managing Director, Deloitte.

In addition to the conference, the Summit will feature a curated expo area where attendees can get a close up look at some of the most innovative health, fitness, and wellness tech devices on the market today and meet face-to-face with the entrepreneurs responsible for them.

The Marpai SMART Health Summit is sponsored by The Phia Group, a leading health insurance consulting group with a mission to reduce the cost of healthcare through innovative technologies, legal expertise, and focused, flexible customer service.

Event partners include SmartBrief, Parks Associates, and the SPBA (Society of Professional Benefits Administrators).
