FibroBiologics Granted Extension by Nasdaq to Regain Compliance

HOUSTON, Feb. 23, 2026 (GLOBE NEWSWIRE) -- FibroBiologics, Inc. (Nasdaq: FBLG) ("FibroBiologics" or the "Company"), a clinical-stage biotechnology company with 270+ patents issued and pending with a focus on the development of therapeutics and potential cures for chronic diseases using fibroblasts and fibroblast-derived materials, today announced it received a favorable determination from a Nasdaq Hearings Panel granting an extension to regain compliance for the continued listing of the Company's common stock on The Nasdaq Capital Market ("Nasdaq").

This provides FibroBiologics with a clear path to maintaining its listing on Nasdaq, subject to the Company satisfying the following conditions: meeting the equity standard of \$2.5 million required under Nasdaq Listing Rule 5550(b)(1), as an alternative to the \$35 million minimum Market Value of Listed Securities as set forth in Listing Rule 5550(b)(2), on or before February 27, 2026; meeting the minimum bid price requirement of \$1.00 per share set forth under Nasdaq Listing Rule 5550(a)(2) on or before April 13, 2026; and compliance with all applicable criteria for continued listing on Nasdaq on or before April 13, 2026.

This determination has no immediate effect on the listing or trading of the Company's shares of common stock, which will continue to trade on Nasdaq under the symbol "FBLG."

About FibroBiologics

Based in Houston, FibroBiologics is a clinical-stage biotechnology company developing a pipeline of treatments and seeking potential cures for chronic diseases using fibroblast cells and fibroblast-derived materials. FibroBiologics holds 270+ US and internationally issued patents/patents pending across various clinical pathways, including wound healing, multiple sclerosis, disc degeneration, psoriasis, orthopedics, human longevity, and cancer. FibroBiologics represents the next generation of medical advancement in cell therapy and tissue regeneration. For more information, visit www.FibroBiologics.com.

Cautionary Statement Regarding Forward-Looking Statements

This communication contains "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. Forward-looking statements include, but are not limited to, statements regarding the Company's intent or ability to regain compliance with the applicable Nasdaq rules and the continued trading of the Company's shares of common stock on Nasdaq. These forward-looking statements are based on FibroBiologics' management's current expectations, estimates, projections, and beliefs, as well as a number of assumptions concerning future events. When used in this communication, the words

"estimates," "projected," "expects," "anticipates," "forecasts," "plans," "intends," "believes," "seeks," "may," "will," "should," "future," "propose" and variations of these words or similar expressions (or the negative versions of such words or expressions) are intended to identify forward-looking statements. These forward-looking statements are not guarantees of future performance, conditions or results, and involve a number of known and unknown risks, uncertainties, assumptions and other important factors, many of which are outside FibroBiologics' management's control, that could cause actual results to differ materially from the results discussed in the forward-looking statements, including those set forth under the caption "Risk Factors" and elsewhere in FibroBiologics' annual, quarterly and current reports (i.e., Form 10-K, Form 10-Q and Form 8-K) as filed or furnished with the SEC and any subsequent public filings. Copies are available on the SEC's website, www.sec.gov. These risks, uncertainties, assumptions and other important factors include, but are not limited to: (a) risks related to FibroBiologics' liquidity and its ability to maintain capital resources sufficient to conduct its business; (b) expectations regarding the initiation, progress and expected results of FibroBiologics' R&D efforts and preclinical studies; (c) the unpredictable relationship between R&D and preclinical results and clinical study results; and (d) FibroBiologics' ability to manufacture its product candidates. Forward-looking statements speak only as of the date they are made. Readers are cautioned not to put undue reliance on forward-looking statements, and FibroBiologics assumes no obligation and, except as required by law, does not intend to update or revise these forward-looking statements, whether as a result of new information, future events, or otherwise. FibroBiologics gives no assurance that it will achieve its expectations.
