About Perimeter Solutions

Headquartered in St. Louis, Missouri, Perimeter Solutions (NYSE: [PRM](#)) is a leading global solutions provider for the Fire Safety and Specialty Products industries. The Company's products and operations are managed and reported in two operating segments: Fire Safety and Specialty Products. The Fire Safety segment provides fire retardants and firefighting foams, as well as specialized equipment and services typically offered in conjunction with the Company's retardant and foam products. The Specialty Products segment includes operations that develop, produce and market products for non-fire safety markets. The Company's largest end market application for the Specialty Products segment is Phosphorus Pentasulfide ("P₂S₅") based lubricant additives. The Specialty Products segment also includes IMS, which is a manufacturer of electronic or electro-mechanical components of larger solutions across a range of end markets, including medical systems, communications infrastructure, energy infrastructure, defense systems, and industrial systems, with a substantial focus on aftermarket repair and replacement.
