# Westell Stockholders Approve Reverse and Forward Splits

## Company to Voluntarily Delist Class A Common Stock from NASDAQ Capital Market

AURORA, Ill., Sept. 29, 2020 (GLOBE NEWSWIRE) -- Westell Technologies, Inc. (NASDAQ: WSTL), a leading provider of high-performance network infrastructure solutions, announced that at the Annual Meeting on September 29, 2020, the Company's stockholders voted to approve proposals authorizing the Board of Directors of the Company to amend the Company's certificate of incorporation to effect a 1-for-1,000 reverse stock split of the Company's Class A and Class B Common Stock, followed immediately by an 1,000-for-1 forward stock split (the "Transaction"). The reverse and forward stock splits will be effected on October 1, 2020 and the Company's Class A Common Stock is expected to begin trading on the NASDAQ Capital Market on a post-forward stock split basis upon the opening of trading on October 2, 2020.

As a result of the reverse stock split, each share of the Company's Common Stock held by a stockholder of record owning immediately prior to the effective time of the reverse stock split fewer than 1,000 shares of the Company's Common Stock will be converted into the right to receive \$1.48 in cash, without interest, and such stockholders will no longer be stockholders of the Company. To be entitled to such cash payment, a stockholder must be a record holder of fewer than 1,000 shares immediately prior to the effective time of the reverse stock split. Investors who purchase fewer than 1,000 shares prior to the effective time of the reverse stock split and settle such purchases after the effective time shall not be entitled to such cash payment and instead their trades will be settled on a post-forward stock split basis. Trades in the Company's Common stock made on or after October 1, 2020 will settle on a post-forward stock split basis.

Stockholders owning 1,000 or more shares of Class A Common Stock or Class B Common Stock held in a single account immediately prior the effective time of the Reverse Stock Split will not receive any payment for their shares and, immediately following the Transaction, will continue to hold the same number of shares as before the Transaction.

The Transaction will apply directly only to record holders of the Company's Common Stock. Persons who hold shares of Common stock in "street name" are encouraged to contact their bank, broker or other nominee for information on how the transaction may affect any shares of the Company's Common Stock held for their account.

Westell's transfer agent, Broadridge Corporate Issuers Solutions, Inc., which is also acting

as the exchange agent for the Transaction, will provide instructions to stockholders regarding the process for exchanging share certificates. Stockholders owning less than 1,000 shares will receive cash for their shares.

The Company has given notice to NASDAQ of its intent to voluntarily delist its Common Stock and to withdraw the registration of its Class A Common Stock with the Securities and Exchange Commission (SEC). The Company intends to file a Form 25 Notification of Removal from Listing with the SEC on or about October 9, 2020. As a result, the Company expects that listing of its shares on NASDAQ Capital Market will be terminated on or about October 19, 2020. The Company also intends to file a Form 15 with the SEC to suspend the Company's reporting obligations under the Exchange Act. Following its delisting, the Company's Class A Common Stock may be quoted on the OTC Pink Open Market (the "Pink Sheets"), a centralized electronic quotation service for over-the-counter securities, if market makers demonstrate an interest in trading in the Company's Common Stock. However, the Company can give no assurance that trading in its Class A Common Stock will commence or continue on the Pink Sheets or any other securities exchange or quotation medium.

As previously announced, the Company is taking these steps to avoid the substantial cost and expense of being a public reporting company and to focus the Company's resources on enhancing long-term stockholder value. The Company anticipates savings of approximately \$900,000 on an annual basis as a result of the proposed deregistration and delisting transaction.

For more information regarding the Transaction, please refer to the definitive proxy statement on Schedule 14A filed with the SEC on August 11, 2020.
