Alico Modifies Its Revolving Line of Credit

LABELLE, Fla., March 31, 2009 (GLOBE NEWSWIRE) -- Alico, Inc. (Nasdaq:ALCO), a land management company, announced today that on March 30, 2009 the Company modified its \$125 million Revolving Line of Credit (RLOC) with Farm Credit of Southwest Florida.

According to the terms of the modification, the RLOC was modified to reduce the total availability of funds from \$125 million to \$75 million. Additionally, several covenants were modified as follows: a) the covenant requiring the Company to maintain stockholder equity of at least \$110 million was eliminated in its entirety, b) the minimum current ratio was increased from 2.0 to 1 to 2.5 to 1, c) the fixed charge coverage ratio was replaced by a debt coverage ratio requiring the Company to maintain a debt coverage of not less than 1.10 to 1 on a rolling four quarter basis.

The maturity date of the RLOC was extended from August 1, 2010 to August 1, 2011. The interest rate index was changed from 3 month LIBOR to 1 month LIBOR, and the interest rate spreads increased by 100 basis points. The Company also pledged an additional 10,000 acres of real estate in Hendry County, Florida.

Steve Smith, the Company's Principal Executive Officer, stated that the modifications would allow the Company greater flexibility in managing its borrowings. He noted that total borrowings from Farm Credit were not increased by the transaction and the Company will save on unused commitment fees by retaining its RLOC at the reduced amount of \$75 million. As of the date of the refinancing, the outstanding balance of the RLOC was approximately \$35.5 million.

About Alico, Inc.
