Capstone Green Energy (NASDAQ:CGRN) To Present at LD Micro Main Event

Company Presentation Scheduled for Tuesday, October 12, 2021 at 10:00 AM PT

VAN NUYS, CA / ACCESSWIRE / October 8, 2021 /Capstone Green Energy Corporation (www.CapstoneGreenEnergy.com) (NASDAQ:CGRN), a global leader in carbon reduction and on-site resilient green energy solutions, announced today that it will be presenting at the 14th annual Main Event on Tuesday, October 12, 2021 at 10:00 AM PT (1:00 PM ET) at the Luxe Sunset Bel-Air in Los Angeles.

"We are honored to be back in person with some of the finest companies and investors in the small-cap world. After nearly two years, I for one, cannot wait to reconnect both as an executive, event coordinator, and investor," stated Chris Lahiji, Founder of LD Micro.

"After nearly two years of conducting investor meetings and presentations virtually due to the COVID-19 Pandemic, I am excited to be able to meet with the investment community in person," said Darren Jamison, President and Chief Executive Officer of Capstone Green Energy. "I am looking forward to discussing our transition to Capstone Green Energy, our growing Energy as a Service model, and our broadened product and service offerings," added Jamison.

Darren Jamison, Capstone's President and Chief Executive Officer, and Eric Hencken, Capstone's Chief Financial Officer, will be conducting one-on-one virtual meetings with qualified professional investors throughout the conference day. To register and schedule a time with management, please register [here](#).

Supporting presentation materials will be available on the day of the conference by visiting the Investor Relations section of the Company's website at www.CapstoneGreenEnergy.com.

About Capstone Green Energy

Capstone Green Energy (www.CapstoneGreenEnergy.com) (NASDAQ:CGRN) is a leading provider of customized microgrid solutions and on-site energy technology systems focused on helping customers around the globe meet their environmental, energy savings, and resiliency goals. Capstone Green Energy focuses on four key business lines. Through its Energy as a Service (EaaS) business, it offers rental solutions utilizing its microturbine energy systems and battery storage systems, comprehensive Factory Protection Plan (FPP) service contracts that guarantee life-cycle costs, as well as aftermarket parts. Energy Conversion Products are driven by the Company's industry-leading, highly efficient, low-emission, resilient microturbine energy systems offering scalable solutions in addition to a broad range of customer-tailored solutions, including hybrid energy systems and larger frame industrial turbines. The Energy Storage Products business line designs and installs microgrid storage systems creating customized solutions using a combination of battery technologies and monitoring software. Through Hydrogen Energy Solutions, Capstone Green Energy offers customers a variety of hydrogen products, including the Company's microturbine energy systems.

For customers with limited capital or short-term needs, Capstone offers rental systems; for more information, contact: rentals@CGRNenergy.com. To date, Capstone has shipped over 10,000 units to 83 countries and estimates that, in FY21, it saved customers over \$217 million in annual energy costs and approximately 397,000 tons of carbon. Total savings over the last three years are estimated at 1,115,100 tons of carbon and approximately \$698 million in annual energy savings.

Cautionary Note Regarding Forward-Looking Statements

This release contains, and the Company's presentation and responses to questions at the LD Micro Invitational XI virtual investor conference will contain, forward-looking statements as defined in the Private Securities Litigation Reform Act of 1995, including statements regarding expectations for green initiatives and execution on the Company's growth strategy

and other statements regarding the Company's expectations, beliefs, plans, intentions, and strategies. The Company has tried to identify these forward-looking statements by using words such as "expect," "anticipate," "believe," "could," "should," "estimate," "intend," "may," "will," "plan," "goal" and similar terms and phrases, but such words, terms and phrases are not the exclusive means of identifying such statements. Actual results, performance and achievements could differ materially from those expressed in, or implied by, these forward-looking statements due to a variety of risks, uncertainties and other factors, including, but not limited to, the following: the ongoing effects of the COVID-19 pandemic; the availability of credit and compliance with the agreements governing the Company's indebtedness; the Company's ability to develop new products and enhance existing products; product quality issues, including the adequacy of reserves therefor and warranty cost exposure; intense competition; financial performance of the oil and natural gas industry and other general business, industry and economic conditions; the Company's ability to adequately protect its intellectual property rights; and the impact of pending or threatened litigation. For a detailed discussion of factors that could affect the Company's future operating results, please see the Company's filings with the Securities and Exchange Commission, including the disclosures under "Risk Factors" in those filings. Except as expressly required by the federal securities laws, the Company undertakes no obligation to update or revise any forward-looking statements, whether as a result of new information, changed circumstances or future events or for any other reason.
