"Our results demonstrate the resourcefulness of our global workforce, resiliency of our business model, and our continuing commitment to returning value to our shareholders," commented Rick Wallace, president and chief executive officer of KLA Corporation. "In the September quarter we saw broad, diversified strength across each of our segments. Semiconductor Process Control was solidly above plan, and our Service business is on track to deliver double-digit growth in 2020. We also ended the quarter with a strong backlog, reflecting the enabling role KLA plays in our customers' drive to innovate and invest in next-generation technology."

A reconciliation between GAAP operating results and non-GAAP operating results is provided following the financial statements included in this release. Non-GAAP results include the impact of recurring stock-based compensation, but exclude the impact of

acquisitions or pending acquisitions, goodwill impairment, restructuring, severance and other charges, loss on extinguishment of debt, and certain discrete tax items. KLA will discuss the results for its fiscal year 2021 first quarter, along with its outlook, on a conference call today beginning at 2 p.m. PT. A webcast of the call will be available at: [www.kla.com](http://www.kla.com).

## Second Quarter Fiscal 2021 Guidance

The following details our guidance for the second quarter of fiscal 2021 ending in December:

- Total revenue between \$1,510 million to \$1,660 million
- GAAP diluted EPS attributable to KLA is expected to be in a range of \$2.59 to \$3.23
- Non-GAAP diluted EPS attributable to KLA in a range of \$2.82 to \$3.46

For additional guidance metrics please see the company's published letter to shareholders and earnings slides on the KLA investor relations website.

## About KLA:

KLA Corporation ("KLA") develops industry-leading equipment and services that enable innovation throughout the electronics industry. We provide advanced process control and process-enabling solutions for manufacturing wafers and reticles, integrated circuits, packaging, printed circuit boards and flat panel displays. In close collaboration with leading customers across the globe, our expert teams of physicists, engineers, data scientists and problem-solvers design solutions that move the world forward. Additional information may be found at: [www.kla.com](http://www.kla.com) (KLAC-F).

## Note Regarding Forward-Looking Statements:

This release contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These forward-looking statements, including statements regarding our total revenue, GAAP and non-GAAP EPS attributable to KLA for the quarter ending Dec. 31, 2020, and growth of our Services business in 2020, are subject to risks and uncertainties. Factors that may cause actual results to differ materially from those projected and anticipated in the forward-looking statements in this release include risks related to customer cancellations or push outs, our ability to deliver services during the COVID-19 pandemic, the introduction of new laws, regulations or orders that limit our ability to sell products to customers or to service products previously sold to customers and other risk factors included in KLA's annual report on Form 10-K for the year ended June 30, 2020 and other filings with the Securities and Exchange Commission (including, without limitation, the risk factors described therein). Except as otherwise specifically indicated, the information included in this release is as of the date it is delivered. KLA assumes no obligation to, and does not currently intend to, update these forward-looking statements.

| Shares used in net income per diluted share calculation   | 155.4                             | 155.4  |

The Non-GAAP and supplemental information provided in this press release is a supplement to, and not a substitute for, KLA's financial results presented in accordance with United States GAAP.

To supplement our Condensed Consolidated Financial Statements presented in accordance with GAAP, we provide certain non-GAAP financial information, which is adjusted from results based on GAAP to exclude certain costs and expenses, as well as other supplemental information. The non-GAAP and supplemental information is provided to enhance the user's overall understanding of our operating performance and our prospects in the future. Specifically, we believe that the non-GAAP information provides useful measures to both management and investors regarding financial and business trends relating to our financial performance by excluding certain costs and expenses that we believe are not indicative of our core operating results. The non-GAAP information is among the budgeting and planning tools that management uses for future forecasting. However, because there are no standardized or generally accepted definitions for most non-GAAP financial metrics, definitions of non-GAAP financial metrics (for example, determining which costs and expenses to exclude when calculating such a metric) are inherently subject to significant discretion. As a result, non-GAAP financial metrics may be defined very differently from company to company, or even from period to period within the same company, which can potentially limit the usefulness of such information to an investor. The presentation of non-GAAP and supplemental information is not meant to be considered in isolation or as a substitute for results prepared and presented in accordance with United States GAAP.

- a. Acquisition-related charges primarily include amortization of intangible assets and other acquisition-related adjustments including adjustments for the fair valuation of inventory and backlog, and transaction costs associated with our acquisitions, primarily Orbotech. Management believes that the expense associated with the amortization of acquisition-related intangible assets is appropriate to be excluded because a significant portion of the purchase price for acquisitions may be allocated to intangible assets and exclusion of these expenses allows comparisons of operating results that are consistent over time for both KLA's newly acquired and long-held businesses. Management believes that the other acquisition-related expenses are appropriate to be excluded because such costs would not have otherwise been incurred in the periods presented. Management believes excluding these items helps investors compare our operating performances with our results in prior periods as well as with the performance of other companies.
- b. Restructuring, severance and other charges primarily include costs associated with employee severance, acceleration of certain stock-based compensation arrangements, and other exit costs. Management believes excluding these items helps investors compare our operating performance with our results in prior periods.
- c. Income tax effect of non-GAAP adjustments includes the income tax effects of the excluded items noted above. Management believes that it is appropriate to exclude the tax effects of the items noted above in order to present a more meaningful measure of non-GAAP net income.
- d. Discrete tax items in the three months ended Sept. 30, 2020 include a tax expense of \$14.0 million due to an increase in deferred tax liability on purchased intangibles relating to an increase in the United Kingdom statutory income tax rate as well as tax expense from a restructuring. Discrete tax items in the three months ended June 30, 2020 include a tax benefit of \$29.4 million from an internal restructuring. Management believes excluding these items helps investors compare our operating performance with our results in prior periods as well as with the performance of other companies.
