Triangle Capital Corporation Announces Cash Dividends Totaling \$0.59 Per Share

RALEIGH, N.C., Nov. 25, 2015 (GLOBE NEWSWIRE) -- **Triangle Capital Corporation** (NYSE:TCAP) ("Triangle" or the "Company"), a leading provider of capital to lower middle market companies, today announced that its board of directors has declared a quarterly cash dividend of \$0.54 per share. In addition to this regular quarterly dividend, Triangle will pay a supplemental dividend of \$0.05 per share, bringing the total amount of dividends paid for the fourth quarter of 2015 to \$0.59 per share. Total dividends paid during 2015 equal \$2.36 per share. Triangle has paid 36 consecutive quarterly dividends since its initial public offering in February, 2007.

The Company's dividends will be payable as follows:

Fourth Quarter 2015 Dividend

Amount Per Share: \$ 0.54

Record Date: December 9, 2015

Payment Date: December 23, 2015

Supplemental Dividend

Amount Per Share: \$ 0.05

Record Date: December 9, 2015

Payment Date: December 23, 2015

During 2014 and 2015, Triangle has distributed to shareholders a total of \$0.60 per share in supplemental dividends, in addition to its regular quarterly dividends, due to significant net realized capital gains generated by its investment portfolio. As previously stated, Triangle will continue to evaluate the payment of future supplemental dividends based on the overall performance of the Company's investment portfolio, and financial and operating results.

Dividend Reinvestment Plan

At the time of its IPO in February, 2007, Triangle adopted a dividend reinvestment plan ("DRIP") that provides for reinvestment of dividends and distributions on behalf of its stockholders, unless a stockholder elects to receive cash. As a result, when the Company declares a cash dividend or distribution, stockholders who have not opted out of the DRIP will have their cash dividends or distributions automatically reinvested in additional shares of the Company's common stock, rather than receiving cash.

When the Company declares and pays dividends and distributions, it determines the allocation of the distribution between current income, accumulated income and return of capital on the basis of accounting principles generally accepted in the United States ("GAAP"). At each year end, the Company is required for tax purposes to determine the allocation based on tax accounting principles. Due to differences between GAAP and tax accounting principles, the portion of each dividend distribution that is ordinary income, capital

gain or return of capital may differ for GAAP and tax purposes. The tax status of the Company's distributions can be found on the Investor Relations page of its website.
