

Forward Looking Statements

This presentation of Summit Wireless Technologies, Inc. (NASDAQ: WISA) (the "Company" or "WISA") contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Readers are cautioned not to place undue reliance on these forward-looking statements. Actual results may differ materially from those indicated by these forward-looking statements as a result of risks and uncertainties impacting Summit Wireless' business including, current macroeconomic uncertainties associated with the COVID-19 pandemic, our the ability to predict the timing of design wins entering production and the potential future revenue associated with design wins; rate of growth; the ability to predict customer demand for existing and future products and to secure adequate manufacturing capacity; consumer demand conditions affecting customers' end markets; the ability to hire, retain and motivate employees; the effects of competition, including price competition; technological, regulatory and legal developments; developments in the economy and financial markets and other risks detailed from time to time in Summit Wireless' filings with the Securities and Exchange Commission, including those described in "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2020 filed with the SEC, as revised or updated for any material changes described in any subsequently-filed Quarterly Reports on Form 10-Q, including the one we anticipate filing with the SEC on August 10, 2021. The information in this presentation is as of the date hereof and the Company undertakes no obligations to update unless required to do so by law.

* WiSA Ready TVs, gaming PCs and console systems are "ready" to transmit audio to WiSA Certified speakers when a WiSA USB Transmitter is plugged in and a user interface is activated through an APP or product design like LG TVs.
