

Company Overview

Polar Power is a **technology company** that designs and manufactures DC power systems, DC hybrid power systems, and DC solar hybrid power systems for select markets and applications. Sectors served include telecommunications, military/defense, renewable energy, marine, automotive and mining and oil field. We are a provider of reliable and high-quality products that can be configured to run on ANY fuel source from diesel, LPG, to renewable fuels.

Our DC power solutions provide RELIABLE and low-cost energy in markets and applications that lack access to the utility grid or need to operate in the case of utility grid failure.

Polar Power is pioneering technological changes that radically change the production, consumption, and environmental impact of power generation.
