## Forward-Looking Statements

Certain statements in this presentation may constitute “forward-looking statements” within the meaning of the federal securities laws, including, but not limited to, our expectations for future financial performance, business strategies or expectations for our business, including as they relate to anticipated effects of the business combination pursuant to that Agreement and Plan of Merger (the “Merger Agreement”) by and among Landsea Homes Corporation (formerly LF Capital Acquisition Corp. or “LF Capital” and now the “Company” or “Landsea Homes”), a Delaware corporation, LFCA Merger Sub, Inc., a Delaware corporation and wholly-owned subsidiary of LF Capital, Landsea Holdings Corporation, a Delaware corporation (“Landsea Holdings”), and Landsea Homes Incorporated, a Delaware corporation and wholly-owned subsidiary of Landsea Holdings, dated as of August 31, 2020 (the “Business Combination”). These statements constitute projections, forecasts and forward-looking statements, and are not guarantees of performance. Landsea Homes cautions that forward-looking statements are subject to numerous assumptions, risks and uncertainties, which change over time. Words such as “may,” “can,” “should,” “will,” “estimate,” “plan,” “project,” “forecast,” “intend,” “expect,” “anticipate,” “believe,” “seek,” “target,” “look” or similar expressions may identify forward-looking statements. Specifically, forward-looking statements may include statements relating to: the benefits of the Business Combination and the acquisition of Vintage Estate Homes (the “Acquisition”); the future financial performance of the Company; changes in the market for Landsea Homes’ products and services; and other expansion plans and opportunities.

These forward-looking statements are based on information available as of the date of this presentation and our management’s current expectations, forecasts and assumptions, and involve a number of judgments, risks and uncertainties that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements.

These risks and uncertainties include, but are not limited to, the risk factors described by Landsea Homes in its filings with the Securities and Exchange Commission (“SEC”). These risk factors and those identified elsewhere in this press release, among others, could cause actual results to differ materially from historical performance and include, but are not limited to: the ability to recognize the anticipated benefits of the Business Combination and the Acquisition, which may be affected by, among other things, competition, the ability to integrate the combined business and the acquired business, and the ability of the combined business and the acquired business to grow and manage growth profitably; costs related to the Business Combination; the ability to maintain the listing of Landsea Homes’ securities on Nasdaq; the outcome of any legal proceedings that may be instituted against the Company; changes in applicable laws or regulations; the inability to launch new Landsea Homes products or services or to profitably expand into new markets; the possibility that Landsea Homes may be adversely affected by other economic, business, and/or competitive factors; and other risks and uncertainties indicated in Landsea Homes’ SEC reports or documents filed or to be filed with the SEC by Landsea Homes.

Accordingly, forward-looking statements should not be relied upon as representing our views as of any subsequent date, and you should not place undue reliance on these forward-looking statements in deciding whether to invest in our securities. We do not undertake any obligation to update forward-looking statements to reflect events or circumstances after the date they were made, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws.

## Non-GAAP Financial Measures

This presentation contains certain financial measures that are not calculated in accordance with accounting principles generally accepted in the United States (“GAAP”). Any non-GAAP financial measures and other non-GAAP financial information used in this presentation are in addition to, and should not be considered superior to, or a substitute for, financial measures prepared in accordance with GAAP. Non-GAAP financial measures and other non-GAAP financial information is subject to significant inherent limitations. The non-GAAP financial measures Landsea Homes uses in this presentation include net debt to net capital, adjusted home sales gross margin, adjusted net income, EBITDA and adjusted EBITDA.

We believe that the disclosure of these non-GAAP financial measures presents additional information which, when read in conjunction with our consolidated financial statements prepared in accordance with GAAP, facilitates the analysis of our results of operations. These non-GAAP financial measures are not based on any comprehensive or standard set of accounting rules or principles. Accordingly, the calculation of our non-GAAP financial measures may differ from the definitions of non-GAAP financial measures other companies may use with the same or similar names. This limits, to some extent, the usefulness of this information for comparison purposes. Non-GAAP financial measures have limitations in that they do not reflect all of the amounts associated with our financial results as determined in accordance with GAAP. This information should only be used to evaluate our financial results in conjunction with the corresponding GAAP information. Accordingly, we qualify our use of non-GAAP financial measures whenever non-GAAP financial measures are presented. A reconciliation of the non-GAAP financial measures used in this presentation to the most directly comparable GAAP measures is provided in the Appendix to this presentation.

# RECONCILIATIONS OF ADJUSTED METRICS

## (Non-GAAP)

In this presentation, we include certain non-GAAP financial measures, including net debt to net capital, adjusted home sales gross margin, adjusted net income, EBITDA and adjusted EBITDA. These non-GAAP financial measures are presented to provide investors additional insights to facilitate the analysis of our results of operations. These non-GAAP financial measures are not in accordance with, or an alternative for, GAAP and may be different from non-GAAP financial measures used by other companies. In addition, these non-GAAP financial measures are not based on any comprehensive or standard set of accounting rules or principles. Accordingly, the calculation of our non-GAAP financial measures may differ from the definitions of non-GAAP financial measures other companies may use with the same or similar names. This limits, to some extent, the usefulness of this information for comparison purposes. Non-GAAP financial measures have limitations in that they do not reflect all of the amounts associated with our financial results as determined in accordance with GAAP. This information should only be used to evaluate our financial results in conjunction with the corresponding GAAP information. Accordingly, we qualify our use of non-GAAP financial measures whenever non-GAAP financial measures are presented.
