# **AGRIForce Announces Completion of 500 Miner Delivery for Installation at East Palestine, Ohio Bitcoin Mining Site**

**Vancouver, British Columbia and West Palm Beach, FL, May 14, 2025 (GLOBE NEWSWIRE)** -- AgriForce Growing Systems Ltd. ("AgriForce" or the "Company") (NASDAQ: AGRI), a diversified technology and infrastructure company focused on digital energy innovation, is pleased to announce the successful delivery of its previously announced order of 500 Bitmain S19j Pro 100T Bitcoin mining machines to its EPCM contractor for installation at the Company's second OH facility in East Palestine, Ohio.

Once installation is complete, the delivered equipment is expected to add an additional 50 petahash per second (PH/s) of new mining capacity, increasing AgriForce's total operational Ohio hashrate to 130 PH/s. This includes the Company's existing 80 PH/s running at its 3 MW facility in Westpoint, Ohio. Installation is now expected to occur on or about May 15, 2025.

## **Hardware Specifications – Bitmain S19j Pro 100T**

- **Hashrate (per unit):** 100 TH/s
- **Power Consumption (per unit):** ~2,950 W
- **Efficiency:** ~29.5 J/TH
- **Total System Power Draw:** ~1.475 MW (500 units)
- **Facility Capacity:** 2 MW site with optimized load balancing

## **Infrastructure-First, Scaled for Efficiency**

With this latest delivery, AgriForce will soon operate 130 PH/s of computing power across two fully owned facilities in Ohio. Leveraging low-cost power agreements and vertically integrated infrastructure, the Company continues to strengthen its competitive position in the North American Bitcoin mining sector.

"Receiving 500 new machines for our East Palestine site marks another strategic milestone in our scale-up roadmap," said Jolie Kahn, CEO of AgriForce. "This delivery is expected to enhance our operational capacity and improve our cost efficiency as we move toward our goal of reaching one exahash."

Stressing the Company's efficiency in turning investment dollars into revenue-producing assets, Chris Polimeni, CFO of AgriForce stated: "We continue to quickly turn acquisition investments into productive, energized hashrate. This ability to agilely locate well priced miners and install and operate them in consistently rapid operations shows the nimbleness of our organization and greatly optimizes our rates of success."

**About AgriFORCE Growing Systems Ltd.**

AgriFORCE Growing Systems Ltd. (NASDAQ: AGRI) is a forward-thinking technology company committed to addressing major challenges in agriculture, digital infrastructure, and environmental innovation. The Company focuses on building energy-efficient operations that support long-term value creation, leveraging proprietary infrastructure strategies and clean energy assets to drive sustainable growth.
