About Blade Air Mobility

Blade Air Mobility provides air transportation and logistics for hospitals across the United States, where it is one of the largest transporters of human organs for transplant, and for passengers, with helicopter and fixed wing services primarily in the Northeast United States, Southern Europe, and Western Canada. Based in New York City, Blade's asset-light model, coupled with its exclusive passenger terminal infrastructure and proprietary technologies, is designed to facilitate a seamless transition from helicopters and fixed-wing aircraft to Electric Vertical Aircraft ("EVA" or "eVTOL"), enabling lower cost air mobility that is both quiet and emission-free.
