About ATA Inc.

ATA is a leading provider of advanced testing technologies in China. The Company offers comprehensive services for the creation and delivery of assessments based on its proprietary testing technologies and test delivery platform. ATA's testing technologies are used for professional licensure and certification tests in various industries, including information technology services, banking, teaching, asset management, insurance, and accounting. As of December 31, 2015, ATA's test center network comprised 3,250 authorized test centers located throughout China. The Company believes it has the largest test center network of any commercial testing service provider in China.

ATA has delivered more than 75.4 million billable tests since ATA started operations in 1999. For more information, please visit ATA's website at <http://www.atai.net.cn/>.

About LD Micro

LD Micro was founded in 2006 with the sole purpose of being an independent resource in the microcap space. What started out as a newsletter highlighting unique companies has transformed into an event platform hosting several influential conferences annually (Invitational, Summit, and Main Event).

In 2015, LDM launched the first pure microcap index (the LDMi) to exclusively provide intraday information on the entire sector. LD will continue to provide valuable tools for the benefit of everyone in the small and microcap universe.
