***\$20 Per Month ‘Price for Life’ For Altice’s Optimum and Suddenlink Customers***

***One Plan with Unlimited Everything, Delivered Over a Fast 4G LTE Advanced Network with Nationwide Coverage***

NEW YORK--(BUSINESS WIRE)-- Altice USA (NYSE: ATUS), one of the largest broadband communications and video service providers in the United States, today unveils [Altice Mobile](#), a new nationwide mobile service created for today’s consumer who craves seamless, simple and reliable connectivity.

*Altice Mobile* offers one simple plan with unlimited everything:

- unlimited data, text, and talk nationwide,
- unlimited mobile hotspot,
- unlimited video streaming,
- unlimited international text and talk from the U.S. to more than 35 countries, including Canada, Mexico, Dominican Republic, Israel, most of Europe, and more, and
- unlimited data, text and talk while traveling abroad in those same countries.

For Altice’s Optimum and Suddenlink customers, *Altice Mobile* is \$20 per line per month with a ‘price for life’ commitment. *Altice Mobile* is also available to non-Optimum and Suddenlink customers who live in or near the company’s 21-state footprint, including throughout New York City, for \$30 per line per month.

With the average mobile plan in the U.S. costing \$70 per month, by signing up with *Altice Mobile* individual customers can save up to \$600 per year for one line, and up to \$1,100 per year for households and families with five lines.\*

*Altice Mobile* delivers advanced LTE coverage by combining Altice’s own fiber and mobile core infrastructure with two of the best networks in the U.S., giving consumers fast and reliable wireless coverage wherever they are. *Altice Mobile* will also evolve to include new wireless technologies, including 5G.

“The advent of Altice Mobile as the newest mobile operator exemplifies our vision to create one converged fiber and wireless network that delivers an ultra-fast broadband and mobile experience to support consumers’ needs inside and outside the home,” said **Dexter Goei, Altice USA Chief Executive Officer**. “By building a mobile network that will ultimately support 5G combined with our state-of-the-art fiber broadband capable of more than 10 Gigabit speeds, Altice USA is creating a formidable and powerful network to deliver superior connectivity and simplified customer experiences.”

“Altice Mobile harnesses the power of our advanced networks to address the needs of today’s consumers, who demand seamless and ubiquitous connectivity, a frictionless experience, and the latest technologies and devices, all at an unbeatable value,” said **Hakim Boubazine, Altice USA Co-President and Chief Operating Officer**. “With one unlimited mobile plan and loyalty pricing, Altice Mobile gives customers the flexibility and freedom they want, providing a truly innovative, simple and holistic connectivity experience over a blazingly fast nationwide network. We’re also very proud to expand Altice Mobile outside our customer base and give even more people a taste of Altice’s great innovations and services.”
