

THE ELECTROMAC GROUP®

About Cannon Automotive Solutions® – Lasalle ON (Plant 2) Facility

The Cannon Automotive Solutions – Morton Plant 2 facility is strategically situated to support the automotive sector through the Canadian and US automotive corridor. Providing a full cross section of Hot stamping solutions with multiple PHS Production lines with press tonnages of 1800 tons. Hot Stamping, Value Added Assembly, Laser Processing and Full-Service Tooling and Prototyping support are available at this location. Emergency and Takeover tooling/production specialists, Cannon MP2 is an industry leader in rapid response tooling and Hot Stamp production emergency support. Product support spans both the Automotive and Heavy Truck Industries.

Facility Facts

Plant Leadership	Dave Wilson
Employees	113
Square Footage	302,000
Capacity	1300t/1500t hot-stamp, assembly, laser, tooling, PHS quality lab
Products	Hot-stamping, frame & structural, body-in-white
Markets Served	Automotive, heavy truck
Principal Production Facilities	Cold-stamping, hot-stamping, production tooling, prototype, and complex modular assembly
Certifications	IATF 16949:2016

About Cleveland-Cliffs

Cleveland-Cliffs is the largest flat-rolled steel producer in North America. Founded in 1847 as a mine operator, Cliffs also is the largest manufacturer of iron ore pellets in North America. The Company is vertically integrated from mined raw materials, direct reduced iron, and ferrous scrap to primary steelmaking and downstream finishing, stamping, tooling, and tubing. The Company serves a diverse range of markets due to its comprehensive offering of flat-rolled steel products and is the largest supplier of steel to the automotive industry in North America. The Company is headquartered in Cleveland, Ohio with mining, steel and downstream manufacturing operations located across the United States and in Canada. For more information, visit www.clevelandcliffs.com.
