Duos Technologies Awarded Exclusive Contract for New County Courthouse Intelligent Correctional Automation System

JACKSONVILLE, FL / ACCESSWIRE / May 13, 2020/ Duos Technologies Group, Inc. ("Duos or the "Company") (NASDAQ:DUOT) through its operating subsidiary Duos Technologies, Inc. has been awarded a new major contract to provide the Company's intelligent control solution for the Monroe County (Florida) Sheriff's office. Duos is a leading provider of intelligent, analytical technology solutions. The contract was awarded through Biltmore Construction to provide Duos' Intelligent Correctional Automation System, icas™. This system provides all digital video, intercom, detention door control and access control and is integrated and interconnected to Duos singular Command and Control platform centraco®. The project is valued at approximately \$945,000. The new system will be installed into the new Plantation Key Courthouse and Detention Center, currently under construction and located in Monroe County, FL. This solution is based upon the current Duos system deployed at Monroe County's primary detention facility located in Key West, FL.

The completely integrated system provides superior monitoring and control, is substantially more cost effective and integrates all aspects of control into a single, intuitive user interface. It was specifically designed to replace legacy jail and correctional facility automation systems based upon Programmable Logic Controllers (PLC) and Human Machine Interfaces (HMI). The new modular digital I/O systems will coordinate all aspects of controlled movement and situational awareness for the facility.

"Our team is very excited to continue to expand into the corrections market with our innovative solutions, which for the first time incorporates courthouse logistics into our project portfolio." says Scott Carns, Chief Operating Officer for Duos Technologies, the Company's operating subsidiary. "We also look forward to our continued relationship and long-standing service to the Monroe County Sheriff's Office."

Implementation is expected to begin later this year and be completed in 2021.

About Duos Technologies Group, Inc.

Duos Technologies Group, Inc. (NASDAQ:DUOT), based in Jacksonville, Florida, through its wholly owned subsidiary, Duos Technologies, Inc., provides advanced, analytical technology solutions with a strong portfolio of intellectual property.
