Equinix Appoints Robert Busz as Managing Director for Poland

WARSAW, Poland--(BUSINESS WIRE)-- Equinix, Inc. (Nasdaq: EQIX), the global interconnection and data centre company, today announces the appointment of Robert Busz as Managing Director for Poland. Equinix arrived in Poland in January 2016 as the result of the company's acquisition of TelecityGroup, which included two data centres in Warsaw and the PLIX, the leading Internet Exchange in Poland. Recognizing the growth and potential of the Polish market, Equinix recently completed expansion of its second facility in Warsaw. Work is also underway to expand the PLIX to meet the requirements of key participants.

With almost 20 years of experience in management and business development within telecommunications and data management organisations, Robert will use his knowledge to drive Equinix's commercial growth in Poland. In his new role, Robert will be responsible for implementing Poland's local strategy and direction, building on the strength of Equinix's commercial and operational success at EMEA and global levels.

Robert has played an integral role in Poland's telecommunications and network operations industries since 1999 and has years of experience in developing local strategies that enhance global corporate objectives. Most recently, he was Sales Director for CEE, Russia and CIS at the American telecommunications and internet service provider, Level 3 Communications. Prior to that, Robert was Sales Development Director CEE at Swedish telecoms multinational, TeliaSonera International, now Telia Company.

Eric Schwartz, President of Equinix EMEA said: "*Poland has a strong, vibrant economy and is an attractive location for foreign direct investment. We see great potential for Equinix in Poland and Robert is the best person to lead our Polish operation to new heights. His experience in the global telecommunications industry also positions him well to engage with customers in Poland to support their global operations around the world. We are excited to have Robert join our team.*"

In 40 markets across five continents, Equinix is where companies come together to realize new opportunities and accelerate their business, IT and cloud strategies. www.equinix.com.

Forward Looking Statements

This press release contains forward-looking statements that involve risks and uncertainties. Actual results may differ materially from expectations discussed in such forward-looking statements. Factors that might cause such differences include, but are not limited to, the challenges of acquiring, operating and constructing IBX centers and developing, deploying and delivering Equinix services; unanticipated costs or difficulties relating to the integration

of companies we have acquired or will acquire into Equinix; a failure to receive significant revenue from customers in recently built out or acquired data centers; failure to complete any financing arrangements contemplated from time to time; competition from existing and new competitors; the ability to generate sufficient cash flow or otherwise obtain funds to repay new or outstanding indebtedness; the loss or decline in business from our key customers; and other risks described from time to time in Equinix's filings with the Securities and Exchange Commission. In particular, see Equinix's recent quarterly and annual reports filed with the Securities and Exchange Commission, copies of which are available upon request from Equinix. Equinix does not assume any obligation to update the forward-looking information contained in this press release.
