Microchip Technology Declares 37.8% Year-Over-Year Quarterly Cash Dividend Increase to 30.1 Cents per Share

CHANDLER, Ariz., Aug. 02, 2022 (GLOBE NEWSWIRE) -- (NASDAQ: MCHP) – Microchip Technology Incorporated, a leading provider of smart, connected, and secure embedded control solutions, today announced that its Board of Directors declared a quarterly cash dividend on its common stock of 30.1 cents per share. The dividend is payable on September 2, 2022, to stockholders of record on August 19, 2022. Microchip initiated quarterly cash dividend payments in the third quarter of fiscal year 2003 and has increased its dividend 71 times since its inception.

“Microchip’s financial performance in the June 2022 quarter was very strong, resulting in solid cash generation and significant debt reduction,” said Steve Sanghi, Executive Chair. “Today, our Board of Directors approved a year-over-year increase in our dividend of 37.8% to 30.1 cents per share, up from our August 2021 dividend of 21.85 cents per share. This represents 80 consecutive quarters of dividend payments for Microchip and reflect confidence in the cash-generating capability of our business, as well as our ongoing commitment to returning capital to our stockholders.”

Cautionary Statement:

The statements contained in this release relating to our confidence in the cash-generating capability of our business and our ongoing commitment to returning capital to our stockholders are forward-looking statements made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These statements involve risks and uncertainties that could cause actual results to differ materially, including, but not limited to continued uncertainties impacting the worldwide economy, our business and the business of our customers and suppliers due to the COVID-19 pandemic, geopolitical conditions (including the Ukraine Russia military conflict), rising interest rates, inflation, actual cash flows generated from and used in the operation of our business; actual or projected levels of capital expenditures; our balance of cash and investments; changes in the tax rates that our stockholders pay on our dividends or other changes in U.S. tax laws including the Tax Cut and Jobs Act of 2017 and any new laws which may be enacted; our available borrowings under our credit agreement; the impact of any significant acquisitions we may make; our ability to realize the expected benefits of our acquisitions, changes in demand or market acceptance of our products and the products of our customers and our ability to meet any continued increases in market demand; the mix of inventory we hold and our ability to satisfy short-term orders from our inventory; changes in utilization of our manufacturing capacity and our ability to effectively manage our production levels and increase production to meet any continued increases in market demand; our ability to obtain additional capacity from our wafer foundries and other suppliers to increase production to meet any continued increases in market demand; our ability to control the level of operating expenses relative to our level of revenues; competitive developments including pricing pressures; the level of orders that

are received and can be shipped in a quarter; changes or fluctuations in customer order patterns and seasonality; the costs and outcome of any current or future litigation or other matters involving our Microsemi acquisition, the Microsemi business, intellectual property, customers, or other issues; the impact of the CHIPS Act (which was recently approved by the U.S. Congress and is expected to be signed by the President) will have on increasing manufacturing capacity in our industry by providing incentives for us, our competitors and foundries to construct new wafer manufacturing facilities, the costs and outcome of any current or future tax audit or investigation regarding our business or the business of Microsemi; disruptions in our business or the businesses of our customers or suppliers due to natural disasters (including any floods in Thailand), terrorist activity, armed conflict, war, worldwide oil prices and supply, public health concerns (including COVID-19) or disruptions in the transportation system; and general economic, industry or political conditions in the United States or internationally.

For a detailed discussion of these and other risk factors, please refer to Microchip's filings on Forms 10-K and 10-Q. You can obtain copies of Forms 10-K and 10-Q and other relevant documents for free at Microchip's website (www.microchip.com) or the SEC's website (www.sec.gov) or from commercial document retrieval services.

Stockholders of Microchip are cautioned not to place undue reliance on our forward-looking statements, which speak only as of the date such statements are made. Microchip does not undertake any obligation to publicly update any forward-looking statements to reflect events, circumstances, or new information after this August 2, 2022 press release or to reflect the occurrence of unanticipated events.
