INTERNET AVAILABILITY OF PROXY MATERIALS

We are furnishing proxy materials to our stockholders primarily via the internet. On April 22, 2015, we mailed most of our stockholders a Notice of Internet Availability of Proxy Materials containing instructions on how to access our proxy materials, including our Proxy Statement and our 2014 Annual Report on Form 10-K. The Notice of Internet Availability of Proxy Materials also instructs you on how to vote via the internet. Other stockholders, in accordance with their prior requests, received e-mail notification of how to access our proxy materials and vote via the internet, or have been mailed paper copies of our proxy materials and a proxy card or voting form.

Internet distribution of our proxy materials is designed to expedite receipt by stockholders, lower the cost of the annual meeting, and conserve natural resources. However, if you would prefer to receive paper copies of proxy materials, please follow the instructions included in the Notice of Internet Availability of Proxy Materials.

**PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
JUNE 3, 2015**

ARTICLE I. PROXY MATERIALS AND ANNUAL MEETING

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

1. Q: General — Why am I receiving these materials?

A: On or about April 22, 2015, we sent a Notice of Internet Availability of Proxy Materials (the “Notice”) to you, and to all stockholders of record as of the close of business on April 6, 2015, because the Board of Directors of Ulta is soliciting your proxy to vote at the 2015 Annual Meeting of Stockholders. Our Board of Directors has made these proxy materials available to you on the internet, or upon your request, has delivered printed proxy materials to you, in connection with the solicitation of proxies for use at the 2015 Annual Meeting of Stockholders. Our 2014 Annual Report and Form 10-K for fiscal 2014, along with our Proxy Statement and all other relevant corporate governance materials, are also available at the Investor Relations section of our website at <http://ir.ulta.com>.

2. Q: Delivery of Materials — Why did I receive a notice in the mail regarding the internet availability of proxy materials instead of a full set of proxy materials?

A: In accordance with rules adopted by the Securities and Exchange Commission (the “SEC”), we may furnish proxy materials, including this Proxy Statement and our 2014 Annual Report and Form 10-K for fiscal 2014, to our stockholders by providing access to such documents on the internet instead of mailing printed copies. Most stockholders will not receive printed copies of the proxy materials unless they request them. Instead, the Notice, which was mailed to most of our stockholders, will instruct you as to how you may access and review all of the proxy materials on the internet. The Notice also instructs you as to how you may submit your proxy on the internet. If you would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice.

3. Q: Date, Time and Place — When and where is the Annual Meeting of Stockholders?

A: The Annual Meeting of Stockholders will be held on Wednesday, June 3, 2015, at 10:00 A.M. local time, at Ulta’s headquarters located at 1000 Remington Blvd., Suite 120, Bolingbrook, Illinois 60440.

4. Q: Purpose — What is the purpose of the Annual Meeting of Stockholders?

A: At our Annual Meeting, stockholders will act upon the matters outlined in this Proxy Statement and in the Notice of Annual Meeting on the cover page of this Proxy Statement. Following the Annual Meeting, management will respond, if applicable, to questions from stockholders and will make a presentation on our performance.

5. Q: Attending the Annual Meeting — How can I attend the Annual Meeting?

A: You will be admitted to the Annual Meeting if you were an Ulta stockholder or joint holder as of the close of business on April 6, 2015, or you hold a valid proxy for the Annual Meeting. You should be prepared to present photo identification for admittance. In addition, if you are a stockholder of record, your name will be verified against the list of stockholders of record prior to admittance to the Annual Meeting. If you are not a stockholder of record but hold shares through a broker, trustee or nominee, you should provide proof of beneficial ownership on the record date, such as your most recent account statement prior to April 6, 2015, a copy of the voting instruction card provided by your broker, trustee or nominee, or other similar evidence of ownership. If a stockholder is an entity and not a natural person, a maximum of two representatives per such stockholder will be admitted to the Annual Meeting. Such representatives must comply with the procedures outlined above and must also present evidence of authority to represent such entity. If a stockholder is a natural person and not an entity, such stockholder and his/her immediate family members will be admitted to the Annual Meeting, provided they comply with the above procedures. In order to be admitted to the Annual Meeting, all attendees must provide photo identification and comply with the other procedures outlined above upon request.

6. Q: Multiple Sets of Proxy Materials — What should I do if I receive more than one set of voting materials?

A: You may receive more than one set of voting materials, including multiple copies of this Proxy Statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please vote each proxy card and voting instruction card that you receive.

7. Q: Record Holders and Beneficial Owners — What is the difference between holding shares as a Record Holder versus a Beneficial Owner?

A: Most Ulta stockholders hold their shares through a broker or other nominee rather than directly in their own name. There are some distinctions between shares held of record and those owned beneficially:

Record Holders — If your shares are registered directly in your name with our Transfer Agent, American Stock Transfer & Trust Company, you are considered, with respect to those shares, the stockholder of record or Record Holder and the Notice was sent directly to you by Ulta. As the stockholder of record, you have the right to grant your voting proxy directly to Ulta or to vote in person at the Annual Meeting.

Beneficial Owner — If your shares are held in a brokerage account or by another nominee, you are considered the Beneficial Owner of shares held in street name, and the Notice was forwarded to you from your broker, trustee or nominee. As a Beneficial Owner, you have the right to direct your broker, trustee or nominee how to vote and are also invited to attend the Annual Meeting. Since a Beneficial Owner is not the stockholder of record, you may not vote these shares in person at the meeting unless you obtain a “legal proxy” from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the meeting. Your broker, trustee or nominee has enclosed or provided voting instructions for you to use in directing how to vote your shares. If you do not provide specific voting instructions to your broker by May 24, 2015 (10 days before the Annual Meeting), your broker can vote your shares with respect to “discretionary” items, but not with respect to “non-discretionary”

items. The election of Directors (Proposal 1) and the advisory vote on executive compensation (Proposal 3) are considered non-discretionary items, while the ratification of the appointment of our independent registered public accounting firm (Proposal 2) is considered a discretionary item. On non-discretionary items for which you do not give your broker instructions, the shares will be treated as broker non-votes.

8. Q: Voting — Who can vote and how do I vote?

A: Only holders of our common stock at the close of business on April 6, 2015 will be entitled to notice of and to vote at the Annual Meeting. At the close of business on April 6, 2015, we had outstanding and entitled to vote 64,243,526 shares of common stock. Each holder of our common stock on such date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting.

To ensure that your vote is recorded promptly, please vote as soon as possible, even if you plan to attend the Annual Meeting in person. Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the Annual Meeting. If you are a stockholder of record, you may vote by proxy. You can vote by proxy over the internet by following the instructions provided in the Notice, or if you requested to receive printed proxy materials, you can also vote by mail or telephone pursuant to instructions provided on the proxy card. If you hold shares beneficially in street name, you may also vote by proxy over the internet by following the instructions provided in the Notice, or if you requested to receive printed proxy materials, you can also vote by mail or telephone by following the voting instructions provided to you by your broker, bank, trustee or nominee.

If you attend the Annual Meeting, you may also submit your vote in person, and any previous votes that you submitted will be superseded by the vote that you cast at the Annual Meeting. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the Annual Meeting, you must obtain from the Record Holder a legal proxy issued in your name.

9. Q: Revocation of Proxy — May I change my vote after I return my proxy?

A: Yes. Even after you have submitted your proxy/vote, you may revoke or change your vote at any time before the proxy is exercised by (i) the timely delivery of a valid, later-dated proxy, timely written notice of revocation with our Corporate Secretary at our principal executive offices at 1000 Remington Blvd., Suite 120, Bolingbrook, IL 60440; or (ii) by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

10. Q: Quorum — What constitutes a quorum?

A: Presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the common stock outstanding on April 6, 2015 will constitute a quorum, permitting the Annual Meeting to proceed and business to be conducted. As of April 6, 2015, 64,243,526 shares of common stock, representing the same number of votes, were outstanding. Thus, the presence of the holders of common stock representing at least 32,121,764 votes will be required to establish a quorum. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the meeting.

11. Q: Voting Results — Where can I find the voting results of the Annual Meeting?

A: We will publish final results on a Current Report on Form 8-K within four business days of the Annual Meeting.

12. Q: Solicitation — Who will pay the costs of soliciting these proxies?

A: We will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and distribution of this Proxy Statement and any additional information furnished to stockholders. If you choose to access the proxy materials and/or vote over the internet, you are responsible for internet access charges you may incur. If you choose to vote by telephone, you are responsible for telephone charges you may incur. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding shares of common stock beneficially owned by others to forward to such Beneficial Owners. We may reimburse persons representing Beneficial Owners of common stock for their reasonable costs of forwarding solicitation materials to such Beneficial Owners. Original solicitation of proxies may be supplemented by electronic means, mail, facsimile, telephone or personal solicitation by our Directors, officers or other employees. No additional compensation will be paid to our Directors, officers or other regular employees for such services.

13. Q: Additional Matters at the Annual Meeting — What happens if additional matters are presented at the Annual Meeting?

A: Other than the three proposals described in this Proxy Statement, we are not aware of any other properly submitted business to be acted upon at the Annual Meeting. If you grant a proxy, the persons named as proxy holders, Mary N. Dillon, our Chief Executive Officer, and Robert S. Guttman, our Senior Vice President, General Counsel and Secretary, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If, for any unforeseen reason, any of our nominees are not available as a candidate for Director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board of Directors.

14. Q: Stockholder Proposals — What is the deadline to propose actions for consideration at next year's Annual Meeting of Stockholders, or to nominate individuals to serve as Directors?

A: Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934 (as amended, the "Exchange Act"), the deadline for submitting a stockholder proposal for inclusion in our proxy materials for our 2016 Annual Meeting of Stockholders is December 23, 2015. Under our Bylaws, stockholders who wish to bring matters or propose Director nominees at our 2016 Annual Meeting of Stockholders must provide specified information to us no earlier than February 4, 2016 and no later than March 5, 2016. Stockholders are also advised to review our Bylaws, which contain additional requirements with respect to advance notice of stockholder proposals and Director nominations. Proposals by stockholders must be mailed to our Corporate Secretary at our principal executive offices at 1000 Remington Blvd., Suite 120, Bolingbrook, IL 60440.

15. Q: Nomination of Directors — How do I submit a proposed Director nominee to the Board of Directors for consideration?

A: You may propose Director nominees for consideration by the Board of Directors' nominating and corporate governance committee. Any such recommendation should include the nominee's name and qualifications for Board membership and should be directed to our Corporate Secretary at the address of our principal executive offices set forth above. Such recommendation should disclose all relationships that could give rise to a lack of independence and also contain a statement signed by the nominee acknowledging that he or she will owe a fiduciary obligation to Ulta and our stockholders. The section titled "Corporate Governance and the Board of Directors" below provides additional information on the nomination process. In addition, please review our Bylaws in connection with nominating a Director for election at our Annual Meeting of Stockholders.

ARTICLE II. CORPORATE GOVERNANCE AND THE BOARD OF DIRECTORS

CORPORATE GOVERNANCE

Over the course of Ulta’s history, the Board of Directors has developed corporate governance practices consistent with its duties of good faith, due care and loyalty, to help fulfill its responsibilities to our stockholders.

Board of Directors Meetings and Committees

During the fiscal year ended January 31, 2015, the Board of Directors held 8 meetings. Commencing with our 2014 Annual Meeting of Stockholders, Mr. Philippin became our Non-Executive Chairman and typically presides over meetings of the full Board as well as executive sessions. The Board of Directors has an audit committee, a nominating and corporate governance committee and a compensation committee. During fiscal year 2014, no Director attended fewer than 87% of the aggregate meetings of the Board of Directors and of the committees on which he or she served that were held during the period for which he or she was a Director or committee member, respectively. Directors are invited and are expected to attend the Annual Meeting of Stockholders, and all of our Directors then in office attended our 2014 Annual Meeting of Stockholders.

Committee Composition: Unless otherwise noted, the following table provides the composition of each of our committees as of January 31, 2015:

Board Leadership Structure

The Ulta Corporate Governance Guidelines (the “Corporate Governance Guidelines”) provide that the offices of the Chief Executive Officer and the Chairperson of the Board of Directors may be either combined or separated at the discretion of the Board of Directors. We currently separate the roles of Chief Executive Officer and Chairperson of the Board. Our Board is led by an independent, non-executive Chairperson. We believe that this leadership structure enhances the accountability of the Chief Executive Officer to the Board, strengthens the Board’s independence from management and ensures a greater role for the independent Directors in the oversight of our Company. In addition, separating these roles allows our Chief Executive Officer to focus her efforts on running our business and managing our Company in the best interests of our stockholders, while the Chairperson provides guidance to the Chief Executive Officer and, in consultation with management, helps to set the agenda for Board meetings and establishes priorities and procedures for the work of the full Board. The Chairperson

presides over meetings of the full Board as well as executive sessions (without management), which the Board generally holds several times a year, both telephonically and in conjunction with each in-person meeting of the full Board.

Our Corporate Governance Guidelines also provide that from time to time, the independent directors may determine that the Board of Directors should have a lead director. In the event that the independent directors make such a determination, a majority of the independent directors will appoint a lead director. In the event that a lead director is designated, his or her duties would include: assisting the Chairperson of the Board and Board of Directors in assuring compliance with and implementation of the Company's Corporate Governance Guidelines, coordinating the agenda for and moderating sessions of the Board of Directors' non-management directors and facilitating communications between the non-management directors and the other members of the Board and the management of the Company. The Company currently has nine independent directors and to date they have not determined that the Board of Directors should have a lead director in addition to our independent Chairperson.

The Board believes that the current board leadership structure is in the best interests of the Company and its stockholders at this time. The Board recognizes that no single leadership model is right for all companies and at all times and that, depending on the circumstances, other leadership models, such as combining the Chairperson and Chief Executive Officer roles, might be appropriate. Accordingly, the Board periodically reviews its leadership structure. Our Corporate Governance Guidelines provide the flexibility for the Board to modify or continue our leadership structure in the future, as it deems appropriate.

Independence

Board member independence is an essential element of Ulta corporate governance. The Board of Directors has determined that each of the current non-employee Directors and each nominee for Director is free of any relationship that would interfere with his or her individual exercise of independent judgment with regard to Ulta. Mary N. Dillon, Chief Executive Officer, is currently the sole member of the Board of Directors that is not independent due to her office with Ulta. Each member of the nominating and corporate governance committee, compensation committee and audit committee satisfy the current independence requirements of NASDAQ and the SEC.

Board Role in Risk Oversight

Our Board of Directors oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. Management is responsible for the Company's day-to-day risk management activities and processes, and our Board's role is to engage in informed oversight of and provide direction with respect to such risk management activities and processes. The Board recognizes that a fundamental part of risk management is not only understanding the risks our Company faces and the steps management is taking to manage those risks, but also understanding what level of risk is appropriate for our Company. As such, the Board focuses on understanding the nature of our enterprise risks, including operational, financial, legal and regulatory, strategic and reputational risks, as well as the adequacy of our risk assessment and risk management processes. To facilitate such an understanding, the Board and its committees receive management updates on our business operations, financial results and strategy, and the Board discusses and provides direction with respect to risks related to those topics.

While the Board has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. The audit committee oversees risks associated with financial accounting and audits, as well as internal control over financial reporting. The audit committee assists the Board in its oversight by discussing with management our Company's risk assessment and management policies, the Company's significant financial risk exposures and the actions taken by management to limit, monitor or control such exposures. The compensation committee oversees the risks relating to the

Company's compensation policies and practices. In setting compensation, the compensation committee strives to create incentives that encourage a level of risk-taking behavior consistent with the Company's business strategy. The compensation committee also oversees the risks relating to the Company's management development and leadership succession. The nominating and corporate governance committee oversees the implementation of the Company's Code of Business Conduct and monitors compliance therewith.

Nominating and Corporate Governance Committee

The nominating and corporate governance committee acts under a written charter that is reviewed regularly and that was approved by the Board of Directors and has been published under "Corporate Governance" in the Investor Relations section of the Ulta website at <http://ir.ulta.com>. The primary responsibility of the nominating and corporate governance committee is to recommend to the Board of Directors candidates for nomination as Directors and membership on committees of the Board. The committee reviews the performance and independence of each Director, and in appropriate circumstances, may recommend the removal of a Director. The committee oversees the evaluation of the Board of Directors and makes recommendations to improve performance. The committee also recommends to the Board of Directors policies with respect to corporate governance. During fiscal year 2014, the nominating and corporate governance committee was composed of the following independent Directors: Messrs. Eck, Heilbronn and Ms. Collins (since October 13, 2014), Ms. Halligan (since June 5, 2014) and Ms. Nagler. Mr. Eck serves as the current Chairperson of the committee. The Board of Directors has determined that each committee member qualifies as a "non-employee director" under rules and regulations of the SEC, as well as the independence requirements of NASDAQ. The nominating and corporate governance committee met 5 times during fiscal year 2014.

Nominating and Corporate Governance Committee Charter

The nominating and corporate governance committee charter identifies the roles and responsibilities that govern the nominating and corporate governance committee, such as:

- identifying qualified candidates to become Board members;
- selecting nominees for election as Directors at the next annual meeting of stockholders (or special meeting of stockholders at which Directors are to be elected);
- selecting candidates to fill any vacancies on the Board;
- reviewing the composition of the committees of the Board and making recommendations to the Board regarding committee membership;
- overseeing the implementation of and monitoring compliance with Ulta's Code of Business Conduct (other than with respect to accounting issues, as more fully set forth in the audit committee charter); and
- overseeing the evaluation of the Board.

Nomination Process — Qualifications

The nominating and corporate governance committee is responsible for reviewing the appropriate skills and characteristics required of Directors in the context of prevailing business conditions, and in its nominating committee capacity, for making recommendations regarding the size, composition and desired complementary skill sets of the Board of Directors. The objective of the nominating and corporate governance committee is to create and sustain a Board of Directors that brings to Ulta a variety of perspectives and skills derived from high-quality business and professional experience. Pursuant to its charter, the nominating and corporate governance committee annually assesses the experience, expertise, capabilities, skills and diversity of the members of the Board, individually and collectively, and considers these factors when evaluating Director candidates. In this regard, both the Board and the nominating and corporate governance committee believe that it is essential for Board members to represent diverse viewpoints based upon differences in professional experience, education,

skill and other individual qualities and attributes that contribute to an active, effective Board. Although there are no specific minimum qualifications that a Director candidate must possess, the nominating and corporate governance committee recommends those candidates who possess the highest personal and professional integrity, have prior experience in corporate management and the industry, maintain academic or operational expertise in an area of our business and demonstrate practical and mature business judgment.

We will consider all stockholder recommendations for candidates for the Board of Directors and, to date, we have not received any Director nominees from a stockholder. Stockholders who want to suggest a candidate for consideration should send a written notice, addressed to the Corporate Secretary at our principal executive offices at 1000 Remington Blvd., Suite 120, Bolingbrook, IL 60440. Further details about the nomination process may be found in the answer to Question 15 above, entitled “Nomination of Directors — How do I submit a proposed Director nominee to the Board of Directors for consideration?”

This notice must include the following information for each candidate the stockholder proposes to nominate: (i) name, age, business address and residence address, (ii) principal occupation or employment, (iii) class and number of shares of capital stock beneficially owned by such candidate and (iv) any other information relating to the candidate that is required to be disclosed in solicitations for proxies for the election of Directors pursuant to applicable SEC rules. In addition, the stockholder giving such notice must include his or her (i) name and record address and (ii) the class and number of shares such stockholder beneficially owns.

We have engaged the services of search firms to provide us with candidates, especially when we are looking for a candidate with a particular expertise, quality, skill or background. We also consider potential Director candidates recommended by current Directors, officers, employees and others. The nominating and corporate governance committee screens all potential candidates in the same manner, regardless of the source of the recommendation. Our review is typically based on any written materials provided with respect to potential candidates, and we review such materials to determine the qualifications, experience and background of the candidates. Final candidates are typically interviewed by members of the committee and other members of the Board, as appropriate. In making its determinations, the committee evaluates each individual in the context of our Board of Directors as a whole, with the objective of assembling a group that can best perpetuate the success of our Company and represent stockholder interests through the exercise of sound judgment. After review and deliberation of all feedback and data, the committee makes a recommendation to the full Board of Directors regarding whom should be nominated by the Board of Directors.

Code of Business Conduct

All Ulta employees, officers and members of the Board of Directors must act ethically at all times and in accordance with the policies comprising the Ulta Code of Business Conduct. All corporate employees, officers and members of the Board of Directors have signed a certificate acknowledging that they have read, understand and will continue to comply with the policy, and all corporate employees and officers are required to read and acknowledge this policy on an annual basis. Ulta includes the Code of Business Conduct in new hire materials for all corporate employees. The policy is published and any amendments or waivers thereto will be published under “Corporate Governance” in the Investor Relations section of the Ulta website located at <http://ir.ulta.com>.

Corporate Governance Guidelines

Our Board of Directors adopted the Corporate Governance Guidelines to assist the Board in the exercise of its responsibilities. The Corporate Governance Guidelines have been published under “Corporate Governance” in the Investor Relations section of the Ulta website located at <http://ir.ulta.com>.

Disclosure Committee

The disclosure committee is a management committee that acts under a written charter approved by the audit committee. Its primary responsibility is to assist our Chief Executive Officer and Chief Financial Officer in fulfilling their responsibility for oversight of the accuracy and timeliness of our disclosures. Management and the disclosure committee have established disclosure controls and procedures designed to ensure that disclosures required by the SEC and other written information to be disclosed to the investment community are recorded, processed, summarized and reported accurately on a timely basis. These disclosure controls and procedures are monitored and evaluated for their effectiveness on a regular basis. The disclosure committee, in conjunction with management, reviews and approves the preparation of SEC filings and various documents distributed to the investment community containing financial information or other material information. The disclosure committee discusses all relevant information with our Chief Executive Officer and Chief Financial Officer and, if needed, the Chairperson of the disclosure committee then discusses all relevant information with the Board of Directors and the audit committee.

Stockholder Communication

Any stockholder is free to communicate in writing with the Board of Directors on matters pertaining to Ulta by addressing their comments to the Board of Directors, c/o General Counsel, Ulta Salon, Cosmetics & Fragrance, Inc., 1000 Remington Blvd., Suite 120, Bolingbrook, IL 60440, or by e-mail at InvestorRelations@ulta.com. PROPOSAL ONE

ELECTION OF DIRECTORS

Our Amended and Restated Certificate of Incorporation provides that our Board of Directors be divided into three classes designated Class I, Class II and Class III, with each class consisting, as nearly as possible, of one-third of the total number of Directors. Each class serves a three-year term with one class being elected at each year's annual meeting of stockholders. Vacancies on our Board of Directors may be filled by persons elected by a majority of the remaining Directors. A Director elected by our Board of Directors to fill a vacancy, including a vacancy created by an increase in size of our Board of Directors, will serve for the remainder of the full term of the class of Directors in which the vacancy occurred and until that Director's successor is elected and qualified.

The Board of Directors is presently composed of ten members, nine of whom are non-employee, independent Directors. Each Director was elected to the Board of Directors to serve until a successor is duly elected and qualified or until his or her death, resignation or removal. Mr. DiRomualdo, Ms. Halligan and Ms. Nagler are the Class II Directors whose terms expire in 2015 and are nominees for re-election. If elected at the Annual Meeting, Mr. DiRomualdo, Ms. Halligan and Ms. Nagler would serve until the 2018 Annual Meeting of Stockholders and until their successors are elected and qualified, or until their death, resignation or removal. Ms. Collins is a Class I Director nominee for election to the Board of Directors who is standing for election by the stockholders at the 2015 Annual Meeting for the first time, and was first identified by our Chief Executive Officer as a director candidate. Ms. Collins was initially appointed as Class I Director by our Board on October 13, 2014. Messrs. Eck and Philippin and Ms. Wittman are the Class I Directors whose terms expire in 2017. Ms. Dillon, Mr. Heilbronn and Mr. MacDonald are Class III Directors with terms expiring in 2016.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to approve the nominees for election and re-election. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. The audit committee acts under a written charter that was adopted by the Board of Directors and has been published under "Corporate Governance" in the Investor Relations section of the Ulta website located at <http://ir.ulta.com>.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS¹

The audit committee assists the Board of Directors in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of Ulta.

The audit committee oversees Ulta's financial process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. Ulta has an Internal Audit Department that is actively involved in examining and evaluating Ulta's financial, operational and information systems activities and reports functionally to the audit committee and administratively to management. In fulfilling its oversight responsibilities, the audit committee reviewed and discussed with management the periodic reports, including the audited financial statements in our Annual Report on Form 10-K. This included a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The audit committee reviewed with the independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, its judgments as to the quality, not just the acceptability, of Ulta's accounting principles and such other matters as are required to be discussed with the audit committee under generally accepted auditing standards, including the Public Company Accounting Oversight Board Standard No. 16, *Communications with Audit Committees* (AS 16). In addition, the audit committee has discussed with the independent registered public accounting firm the firm's independence from management and Ulta, including the matters in the written disclosures and the Letter from the Independent Registered Public Accounting Firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the firm's communications with the audit committee concerning independence.

The audit committee discussed with Ulta's independent registered public accounting firm the overall scope and plans for their audit and developed a pre-approval process for all independent registered public accounting firm services. The audit committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examination, their evaluation of Ulta's internal and disclosure controls and the overall quality of Ulta's financial reporting. As noted, the audit committee held 7 meetings during fiscal year 2014.

In reliance on the reviews and discussions referred to above, the audit committee recommended to the Board of Directors, and the Board of Directors approved, that the audited financial statements be included in Ulta's Annual Report on Form 10-K for the fiscal year 2014, ended January 31, 2015, for filing with the SEC. The audit committee has appointed Ernst & Young LLP to be Ulta's independent registered public accounting firm for the fiscal year 2015, ending January 30, 2016.

ARTICLE IV. COMPENSATION COMMITTEE REPORT AND COMPENSATION DISCUSSION AND ANALYSIS

The compensation committee met 10 times during fiscal year 2014, and its report is presented below. During fiscal year 2014, the compensation committee was composed of the following Directors, all of whom satisfy the independence requirements of NASDAQ: Messrs. Stevens (through June 5, 2014), Eck, Heilbronn and MacDonald and Ms. Nagler and Ms. Halligan (since June 5, 2014). Ms. Halligan currently serves as the Chairperson of the compensation committee. The Board of Directors has determined that each current committee member qualifies as a “non-employee director” under the rules and regulations of the SEC. Due to Mr. Eck’s service as Interim Chief Executive Officer during a portion of fiscal year 2013, he does not qualify as an “outside director” for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”) and therefore may not approve any compensation that is intended to be “qualified performance based compensation” within the meaning of Section 162(m). The compensation committee acts under a written charter that was adopted by the Board of Directors and has been published under “Corporate Governance” in the Investor Relations section of the Ulta website located at <http://ir.ulta.com>. Under this charter, the compensation committee is responsible for:

- setting our compensation philosophy;
- reviewing and approving the compensation for the CEO and her direct reports (“C-Level Officers”);
- reviewing and recommending compensation for non-employee directors;
- supervising compensation policies for all employees including reviewing the compensation structure and procedures;
- recommending to the Board the employment, appointment and removal of C-Level Officers in accordance with the bylaws;
- establishing, amending and terminating compensation and benefits plans and administering such plans; and
- annually reviewing its own performance and reporting findings and action plans to the Board.

The compensation committee may under its charter delegate any of its responsibilities to a subcommittee, but only to the extent consistent with our Bylaws, Articles of Incorporation, Section 162(m) of the Code and NASDAQ rules.

Compensation Consultant

During fiscal 2014 the compensation committee engaged Pay Governance, as its outside consultant, to assist the compensation committee with executive compensation program design, advise and consult with the committee on general compensation issues, and keep the committee apprised of regulatory, legislative, and accounting developments and competitive practices related to executive compensation. In those capacities, Pay Governance was engaged directly by the compensation committee. Pay Governance is an independent executive compensation consulting firm and does not determine or recommend the exact amount or form of executive compensation for any executive officers. Pay Governance reports directly to the compensation committee, and a representative of Pay Governance, when requested, attends meetings of the committee, is available to participate in executive sessions and communicates directly with the Chairperson of the compensation committee or its members outside of meetings. Pay Governance does no other work for the Company. The compensation committee has reviewed the nature of and extent of the relationship between the compensation committee, the Company and Pay Governance with respect to any potential conflicts of interest or similar concerns. Based on that review, the compensation committee believes that there are no conflicts of interest or potential conflicts of interest that would unduly influence Pay Governance’s provision of advice that is independent of management to the compensation committee.

Compensation Risk

The Company reviewed its compensation plans, practices and policies and determined that it does not have any such plans, practices and policies that create risks that are reasonably likely to have a material adverse effect on the Company based on the following:

- The Company’s variable compensation programs are linked to specific performance goals set by the compensation committee for executive officers and for other employees by supervisors consistent with the Company’s compensation philosophy and business goals;
- The performance periods for the pay programs are designed to match the period for which the employee has influence on the results and incorporate incentives of a longer term nature to tie the employee to the actual results;
- Payments under the incentives are capped;
- Payments are reviewed by the compensation committee, management, payroll, human resources and subject to spot audits;
- The mix between fixed and variable pay is balanced as to neither discourage proper risk taking, nor encourage excessive risk taking; and
- No participant is allowed to approve their own performance goals, nor their own payout.

Compensation Committee Interlocks and Insider Participation

During the 2014 fiscal year, none of the members of our compensation committee had at any time been one of our officers or employees. None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or compensation committee, or other committee serving an equivalent function, of any entity that has one or more executive officers serving on our Board of Directors or compensation committee.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS²

The compensation committee has reviewed and discussed the following Compensation Discussion and Analysis (“CD&A”) with management. Based on this review and discussion, the compensation committee recommended to the Board of Directors, and the Board of Directors approved, that the CD&A be included in Ulta’s fiscal 2014 Annual Report on Form 10-K and this Proxy Statement.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

Ulta's executive compensation programs are designed to be aligned with stockholder interests and are heavily weighted toward long-term incentive awards and annual performance-based awards. The compensation program design provides for compensation, other than base salary, to be variable and based on actual performance results.

Fiscal year 2014 was a strong year for us. We:

- opened 100 new stores (representing a 14% increase in square footage growth),
- increased net sales by 21.4% over fiscal 2013, increased net income by 26.8% over fiscal 2013,
- added significant new brands to our product offering, and
- continued to invest in our supply chain and omni-channel capabilities.

Please see "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our Annual Report on Form 10-K filed on April 1, 2015 for a more detailed description of our fiscal year 2014 financial results.

The alignment of performance and pay in fiscal 2014 reflects our compensation philosophy, delivered through a performance-based compensation program that provides the opportunity to earn meaningful compensation upon achievement of superior performance. Annual incentive opportunity is directly tied to one quantifiable objective performance target: earnings before income taxes, adjusted for certain accounting charges and credits ("EBT"). No awards are paid under this formula if a threshold level of earnings are not achieved. Based on our strong performance we exceeded our EBT target for 2014, resulting in a payout under our annual incentive plan of 169.3%. Our long-term incentive award opportunity is delivered primarily in the form of stock options, such that our share price must increase for executives to be able to realize any value. The balance of our long-term incentive awards is delivered in restricted stock units ("RSUs"), which cliff vest after three years, in order to encourage retention of our team and emphasize long-term alignment with shareholder value. We employ policies prohibiting hedging and pledging of our shares by executives and directors.

At our 2014 Annual Meeting of Stockholders, 92.8% of stockholders indicated their approval of the compensation paid to our named executive officers ("NEOs") through the advisory vote to approve executive compensation ("say-on-pay"). The compensation committee believes that this vote thereby affirms stockholder support of the Company's approach to executive compensation, and did not change the design of our executive compensation programs in 2014. The compensation committee will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for our NEOs. We continue to review and assess our compensation programs to ensure that they are aligned with our business strategies and the type and mix of short-term and long-term incentive vehicles used are appropriate to continue to align management with shareholders' interests and reward for high performance.

Philosophy

Our executive compensation philosophy is to provide compensation opportunities that attract, retain and motivate talented key executives. We accomplish this by:

- evaluating the competitiveness and effectiveness of our compensation programs against other comparable businesses based on industry, size, and other relevant business factors;
- linking annual incentive compensation to our performance on key measurable financial, operational and strategic goals that support stockholder value;
- focusing a significant portion of the executive's compensation on equity-based incentives to align interests closely with stockholders; and
- managing pay for performance such that pay is tied to business and individual performance.

Overview of 2014 Compensation

Our 2014 fiscal year compensation program generally consisted of a fixed base salary, variable cash incentive, stock option awards, and RSUs, with a significant portion weighted towards the variable components. This mix of compensation is intended to ensure that total compensation reflects our overall intent to motivate executive officers to meet appropriate performance measures and to align management with shareholders' long-term interests.

As part of our continued emphasis on creating shareholder value, we utilize a single goal of performance against budget for earnings before taxes as reported to shareholders for the corporate annual incentive for all officers. This focus on a single performance objective reflects the Company's strong linkage between shareholder value creation and management incentives. For the 2014 fiscal year, we achieved performance above target resulting in bonuses for the officers payable at 169.3% of their target annual incentives.

We continued to use stock options and restricted stock units as our primary means of providing long-term incentives for our NEOs and made grants in accordance with our normal 2014 fiscal year annual program.

Competitive Market Data

In considering NEO pay levels for fiscal year 2014, the compensation committee reviewed competitive market data from two survey sources: the Towers Watson 2013 Retail / Wholesale Executive Compensation Survey Report and 2013 CDB General Industry Executive Compensation Survey report. We rely on these survey data to provide context regarding executive pay levels and practices. In setting 2014 compensation, we did not use a defined peer group of companies for compensation benchmarking as we did not believe a sufficient number of relevant peers nor comparable companies in terms of business orientation and dynamic existed. The determination of 2014 compensation was made based on the recommendation of our Chief Executive Officer taking into account such factors as individual performance and the desire to align annual base salaries closer to market place median compensation levels. General industry surveys were used as reference for setting the overall salary increase pool. Changes in compensation levels were supported by survey data.

The compensation committee does not rely solely on market data in making its individual compensation determinations, but rather the compensation committee considers our Chief Executive Officer's input as to an executive's performance and internal pay equity among current executives and newly hired executives. The compensation committee also considers the accounting and tax impact of each element of compensation.

Base Salary

Base salaries are reviewed annually and are set based on individual arrangements and hiring negotiation, competitiveness versus the external market and internal merit increase budgets. Based on a review of marketplace salary increases contained in the surveys described above, as well as the compensation committee's assessment of current economic and other market conditions, each year management proposes a merit baseline percentage increase in salaries. Our Chief Executive Officer then recommends to the compensation committee individual adjustments based on an assessment of an individual's performance, and with input from the human resources department competitive position to the market. Ms. Dillon was not involved in the discussion of her own compensation. The NEO increases made effective for fiscal year 2014 were: 5% for Ms. Dillon, 12.5% for Mr. Settersten, 2% for Mr. Childs and 8% for Ms. Taake. Ms. Dillon's, Mr. Settersten's and Ms. Taake's increases were reflective of Company and individual performance and were, in part, made to bring their compensation in line with the competitive market and in consideration of internal equity. Mr. Childs' increase was reflective of a standard merit baseline percentage increase, also reflecting the competitive positioning of his current compensation. Mr. Kimbell's salary was negotiated as part of his hiring in February of 2014.

Annual Incentives

The target annual incentive for Ms. Dillon, Messrs. Settersten, Kimbell and Childs, and Ms. Taake was 100%, 50%, 50%, 66%, and 50% of their respective base salary.

In fiscal year 2014, the annual incentives for our NEOs were based solely on achievement of EBT of \$384,653,000. No annual incentive was payable unless performance under the EBT goal exceeded 85% of the target and 100% of targeted incentive was payable if the target goal was met. A maximum annual incentive opportunity of 200% of her base salary could be earned by Ms. Dillon under her employment agreement and 250% of their respective individual targets could be earned by Messrs. Settersten, Kimbell and Childs and Ms. Taake. The compensation committee can use negative discretion to reduce calculated awards based on below target individual performance. However, for the annual incentive earned for fiscal year 2014 no such discretion was applied.

Actual EBT for fiscal 2014 was \$411,309,000 resulting in a payout of 169.3% of the NEO's target annual incentive. Mr. Kimbell's annual incentive for 2014 was pro-rated based on the duration of his employment during the fiscal year.

Mr. Childs and Mr. Kimbell received cash sign-on bonuses in the amount of \$250,000 and \$280,000 respectively, in part to offset compensation they were forfeiting by leaving their prior employer.

LTIP

During 2014, we provided long-term incentives through annual grants of options and RSUs to our executives and certain other employees, which we refer to as our "LTIP". Under the LTIP, each eligible employee may receive an LTIP award with a value that is targeted to a percentage of base salary. The compensation committee approved awards in 2014 at the targeted percentage of base salary for LTIP of 260% for Ms. Dillon, as provided for in her employment agreement and 65% for Messrs. Settersten, Kimbell and Childs and Ms. Taake, consistent with the prior year. Consistent with our pay for performance orientation, the compensation committee granted the annual LTIP award with 85% of the targeted value delivered in options and 15% in RSUs.

In addition, a separate RSU award pool may be funded each year if EBT performance for the year is deemed superior. If an RSU pool is funded, based on actual EBT performance for the year and approval by the compensation committee, the Chief Executive Officer may recommend RSU awards to specific individuals based on her assessment of their individual performance and contribution to the success of the Company. The Chief Executive Officer recommends these individual awards to the compensation committee for approval. For fiscal year 2014, a separate RSU award pool was created and in 2015 Mr. Kimbell received \$150,000 award of RSUs from that pool due to his performance for fiscal 2014. This award, because it was granted in equity, is required to be disclosed in the fiscal 2015 Summary Compensation and Grants of Plan Based Awards tables and does not appear in this year's tables.

Option grants under the LTIP generally have the following characteristics:

- all options have an exercise price equal to the fair market value of our common stock on the date of grant;
- options vest ratably, on an annual basis over a four-year period; and
- options expire within ten years of the date of grant.

RSU grants under the LTIP generally have the following characteristics:

- each RSU entitles the holder to receive an equal number of shares of common stock, par value \$0.01 per share at settlement; and
- RSUs cliff vest 100% at the end of three years from grant date.

Policy on Ultra Stock Investments

We have adopted an investment policy for all employees to guide appropriate employee activity with respect to Company stock. This policy expressly prohibits activity that could be deemed hedging of Company stock by employees. In addition, our insider trading policy prohibits activity that could be deemed hedging of Company stock by officers, directors and employees and our 2011 Incentive Award Plan prohibits activity that could be deemed pledging of Company stock by all plan participants, which include all officers, directors and employees.

Long-term Incentive Granting Policy

We have adopted a general policy of making LTIP grants (options and RSUs) for new executive officers and NEOs once our trading window opens on the third business day following the date our earnings announcement is made for each fiscal quarter. The window generally remains open until two weeks before the next quarter close. The annual LTIP grant is generally made in the open window following our fourth quarter earnings announcement. This timing of option and RSU grants is, thus, generally consistent with when our executives and directors would be allowed to trade in our common stock under our insider trading policy. The compensation committee determined that setting the exercise price for stock options at this time was prudent in that it allowed for the market to process all reported public information prior to doing so. Such a practice thereby eliminates any potential manipulation regarding the timing of stock option grants. All stock option and RSU grants for executives and NEOs are approved in advance by the compensation committee.

Benefits, Perquisites and Tax Gross-ups

Executives are allowed to defer compensation under our non-qualified deferred compensation plan with matching contributions equal to 100% of contributions made up to 3.0% of eligible deferred compensation, which is more fully described in the narrative to the 2014 Non-Qualified Deferred Compensation Table below. For all eligible employees, we offer a 401(k) plan with matching contributions equal to 100% of contributions made up to 3.0% of eligible salary. In addition, we offer to eligible employees group health, life, accident and disability insurance. Also, all employees are entitled to a discount on purchases at our stores.

Accounting and Tax Considerations

Our incentive compensation programs have been designed and administered in a manner generally intended to preserve federal income tax deductions. However, the compensation committee considers the tax and accounting consequences of utilizing various forms of compensation and retains the discretion to pay compensation that is not tax deductible or could have adverse accounting consequences for Ultra.

2014 NON-QUALIFIED DEFERRED COMPENSATION

The Ulta Nonqualified Deferred Compensation Plan allows participants to defer up to 75% of their base salary and 100% of their annual cash bonus. We match 100% of the contributions on the first 3% of salary on deferrals. We do not match or make any other contributions to the plan with regards to bonus or long-term compensation. Participants may direct the investment of their contributions to the plan among several mutual funds, similar to those available under our 401(k) plan.

The table below sets forth certain information as of January 31, 2015 with respect to the non-qualified deferred compensation plans in which our NEOs may participate.

Severance and Change in Control Benefits

Pursuant to the terms of Ms. Dillon’s written offer of employment, in the event that her employment is terminated without Cause (as defined below), she will be entitled to the following as severance subject to her providing a general release of claims:

- Severance equal to 18 months of her base salary, payable in installments over a period of 18 months; and
- Any bonus actually earned, prorated based on the percentage of the fiscal year Ms. Dillon is employed by the Company.

For this purpose “Cause” shall mean Ms. Dillon’s:

- Commission of an act of fraud or embezzlement;
- The unauthorized, intentional or grossly negligent disclosure of confidential information which is injurious to the Company;
- Willful breach of any fiduciary duty owed to the Company;
- Indictment for a felony or any crime involving fraud, dishonesty or moral turpitude;
- Intentional misconduct as an employee, including knowing and intentional violation of the Company’s written policies, or specific directions of the Board;
- Failure substantially to perform her duties, following written notice (other than by reason of disability); and
- Willful engagement in misconduct that may reasonably result in injury to the reputation or business prospects of the Company.

Any act or failure to act shall be considered “willful” only if done or omitted to be done without a good faith, reasonable belief that such act or failure to act was in our best interests. Ms. Dillon will have ten business days to cure any curable act after written notice from the Company of cause. Ms. Dillon’s employment may be terminated for cause retroactively, if such reasons are later discovered after her termination.

In connection with her written offer of employment, Ms. Dillon entered into an agreement not to disclose or use our confidential information at any time. She also agreed not to work for, or otherwise be involved with, any competitor for a period of 18 months following her termination for any reason.

In March 2013, Mr. Settersten and Ms. Taake each entered into a retention and severance agreement which provides for a grant of restricted stock units with a value equal to his or her base salary, which cliff vest on March 12, 2016, provided that he or she remains employed with the Company on such date (the “Retention Grant”); and if his or her employment is terminated without cause or he or she terminates for good reason prior to the earlier of March 12, 2015 or the 18 month anniversary of July 1, 2013 (the start date of the Company’s Chief Executive Officer), he or she is entitled to severance equal to 18 months base salary, full vesting of his or her Retention Grant, and 18 months of continued health benefits. These retention and severance agreements replaced all other severance arrangements.

Although Messrs. Kimbell and Childs do not have a contractual rights to severance, we would likely pay each at least six months’ severance and continued health benefits in connection with a termination without cause in exchange for a general release of claims. In addition, if either of them were terminated without cause within 12 months following a change in control, all of their outstanding options will vest and become exercisable regardless of when granted.

Ms. Taake has indicated that she will retire effective May 1, 2015. Upon her retirement she will no longer be entitled to any severance.

The following chart sets forth the amounts that Ms. Dillon, Messrs. Settersten, Childs and Kimbell would receive in the event that their employment were terminated without cause, for good reason, or due to death or disability, or in connection with a change in control, on the last day of the 2014 fiscal year, January 31, 2015, and assuming the exercise of all options and RSUs, the vesting of which is accelerated upon such event. These amounts do not include any value for amounts payable under retirement plans or insurance policies applicable to employees in general.

Name	Involuntary Not for Cause Termination / Good Reason (\$) (1)	Death / Disability (\$) (2)	Involuntary Termination in Connection with Change in Control (\$) (3)
Mary N. Dillon	3,127,919	7,118,795	10,246,714

Jeffrey J. Childs	239,223	747,072	986,295
David Kimbell	237,354	1,105,676	1,343,030

- (1) Includes amounts related to severance, health care costs, pro-rated bonus payouts (as applicable) and the market value of the retention grant vesting.
- (2) Includes the market value of all exercisable and unexercisable options and all unvested stock awards.
- (3) Includes amounts related to severance, health care costs, pro-rated bonus payouts (as applicable), and the market value of all exercisable and unexercisable options and all unvested stock awards.

PROPOSAL THREE

ADVISORY RESOLUTION ON EXECUTIVE COMPENSATION

The Board of Directors is committed to excellence in governance. As part of that commitment, Ulta is asking stockholders to vote on a resolution to approve the compensation of our named executive officers as disclosed in this Proxy Statement. This advisory resolution, commonly referred to as a “say-on-pay” resolution, is non-binding on the Company and the Board of Directors. However, the Board and the compensation committee value the opinions of the stockholders and will carefully consider the outcome of the vote when making future compensation decisions. In accordance with the results of the non-binding advisory vote at our 2011 Annual Meeting of Stockholders concerning the frequency of an advisory vote on the compensation paid to our named executive officers, this non-binding advisory vote will be held on an annual basis until the Board elects to implement a different frequency, or until the next required non-binding advisory vote on frequency. Following this year’s non-binding advisory vote, the next scheduled advisory vote will take place at the 2016 Annual Meeting of Stockholders.

As described more fully in the Compensation Discussion and Analysis (“CD&A”) section of this Proxy Statement, our executive compensation program is structured to provide compensation opportunities that: (i) reflect the competitive marketplace in which the Company operates; (ii) link annual incentive compensation to Company performance goals that support stockholder value; (iii) focus a significant portion of an executive’s compensation on equity-based incentives to align interests closely with stockholders; and (iv) attract, motivate and retain key executives who are critical to our long-term success. A significant portion of the Company’s executive compensation is performance-based, and we emphasize such incentives to ensure that total compensation reflects our overall success or failure and to motivate executive officers to meet appropriate performance measures.

We believe that the fiscal 2014 compensation of our named executive officers was appropriate and aligned with the Company’s performance. We urge stockholders to read the CD&A section of this Proxy Statement, as well as the Summary Compensation Table and the related tables and disclosures, for a more complete understanding of how our executive compensation policies and procedures operate.

The Company is asking stockholders to approve the following advisory resolution at the 2015 Annual Meeting:

RESOLVED, that the stockholders of Ulta Salon, Cosmetics & Fragrance, Inc. (the “Company”) approve, on an advisory basis, the compensation of the Company’s named executive officers as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion thereto.

Because the vote is advisory, it will not be binding upon the Board or the compensation committee. However, the compensation committee will consider the outcome of the vote in determining future compensation policies and decisions.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to approve the advisory resolution on executive compensation. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes will be counted towards a quorum, but will not be counted for any purpose in determining whether this matter has been ratified.

To our knowledge, based solely on a review of the copies of such forms furnished to us and written representations that no other forms were required during the fiscal year ended January 31, 2015, all Section 16(a) filing requirements applicable to our Directors, executive officers and greater than 10% beneficial owners were complied with.

ARTICLE VI. CERTAIN RELATIONSHIPS AND TRANSACTIONS

Related Party Transaction Approval Policy

Our Board of Directors has adopted written policies and procedures for the approval or ratification of any “related party transaction,” defined as any transaction, arrangement or relationship in which we are a participant, the amount involved exceeds \$120,000 and one of our executive officers, Directors, Director nominees, 5% stockholders (or their immediate family members) or any entity with which any of the foregoing persons is an employee, general partner, principal or 5% stockholder, each of whom we refer to as a “related person,” has a direct or indirect interest as set forth in Item 404 of Regulation S-K. The policy provides that management must present to the audit committee for review and approval each proposed related party transaction (other than related party transactions involving compensation matters, certain ordinary course transactions, transactions involving competitive bids or rates fixed by law, and transactions involving services as a bank depository, transfer agent or similar services). The audit committee must review the relevant facts and circumstances of the transaction, including if the transaction is on terms comparable to those that could be obtained in arm’s length dealings with an unrelated third party and the extent of the related party’s interest in the transaction, take into account the conflicts of interest and corporate opportunity provisions of our Code of Business Conduct, and either approve or disapprove the related party transaction. If advance approval of a related party transaction requiring the audit committee’s approval is not feasible, the transaction may be preliminarily entered into by management upon prior approval of the transaction by the Chairperson of the audit committee subject to ratification of the transaction by the audit committee at its next regularly scheduled meeting. No Director may participate in approval of a related party transaction for which he or she is a related party.

Related Party Transactions and Relationships

Since the beginning of fiscal 2014, we have engaged in the following related party transactions with our Directors, executive officers and holders of 5% or more of our common stock.

Transactions with Vendors

Charles Heilbronn, one of our Directors, is Executive Vice President and Secretary, as well as a director, of Chanel, Inc. In fiscal 2014, Chanel, Inc. sold to Ulta approximately \$16.6 million of fragrance on an arm’s length basis pursuant to Chanel’s standard wholesale terms and is expected to continue to sell fragrance to Ulta during fiscal 2015.
