Company Updates Fiscal 2019 Guidance

BOLINGBROOK, III.--(BUSINESS WIRE)-- Ulta Beauty, Inc. (NASDAQ: ULTA) today announced financial results for the thirteen week period ("Second Quarter") and twenty-six week period ("First Six Months") ended August 3, 2019 compared to the same periods ended August 4, 2018.

"The Ulta Beauty team delivered another quarter of solid top-line performance, gross margin expansion, and double-digit earnings growth," said Mary Dillon, Chief Executive Officer. "Looking forward, we have updated our fiscal 2019 outlook to reflect the headwinds we are currently seeing in the US cosmetics market. We remain confident that our guest-centric, differentiated business model will drive continued market share gains and strong returns for our shareholders over the long term."

For the Second Quarter of Fiscal 2019

- Net sales increased 12.0% to \$1,666.6 million compared to \$1,488.2 million in the second quarter of fiscal 2018;
- Comparable sales (sales for stores open at least 14 months and e-commerce sales) increased 6.2% compared to an increase of 6.5% in the second quarter of fiscal 2018. The 6.2% comparable sales increase was driven by 5.4% transaction growth and 0.8% growth in average ticket;
- Gross profit as a percentage of net sales increased 40 basis points to 36.4% compared to 36.0% in the second quarter of fiscal 2018, primarily due to improvement in merchandise margins driven by our marketing and merchandising strategies and leverage of fixed store costs, partially offset by investments in our salon services;
- Selling, general and administrative (SG&A) expenses as a percentage of net sales increased 90 basis points to 23.6% compared to 22.7% in the second quarter of fiscal 2018, primarily due to deleverage of corporate overhead related to investments in growth initiatives and store labor;
- Pre-opening expenses increased to \$5.0 million compared to \$4.5 million in the second quarter of fiscal 2018. Real estate activity in the second quarter of fiscal 2019 included 20 new stores, eight remodels, and four relocations, compared to 19 new stores, seven remodels, and one relocation in the second quarter of fiscal 2018;

- Operating income increased 7.3% to \$208.0 million, or 12.5% of net sales, compared to \$193.8 million, or 13.0% of net sales, in the second quarter of fiscal 2018;
- Tax rate decreased to 23.1% compared to 23.9% in the second quarter of fiscal 2018. The lower effective tax rate is primarily due to an increase in federal income tax credits;
- Net income increased 8.7% to \$161.3 million compared to \$148.3 million in the second quarter of fiscal 2018; and
- Diluted earnings per share increased 12.2% to \$2.76, which included a \$0.04 benefit primarily due to an increase in federal income tax credits, compared to \$2.46 in the second quarter of fiscal 2018, which included a \$0.02 benefit due to income tax accounting for share-based compensation.

For the First Six Months of Fiscal 2019

- Net sales increased 12.5% to \$3,409.6 million compared to \$3,031.9 million in the first six months of fiscal 2018;
- Comparable sales increased 6.6% compared to an increase of 7.3% in the first six months of fiscal 2018. The 6.6% comparable sales increase was driven by 4.8% transaction growth and 1.8% growth in average ticket;
- Gross profit as a percentage of net sales increased 50 basis points to 36.7% compared to 36.2% in the first six months of fiscal 2018, primarily due to improvement in merchandise margins driven by our marketing and merchandising strategies and leverage of fixed store costs, partially offset by investments in our salon services and supply chain operations;
- SG&A expenses as a percentage of net sales increased 80 basis points to 23.3% compared to 22.5% in the first six months of fiscal 2018, primarily due to deleverage of corporate overhead related to investments in growth initiatives and store labor, partially offset by improvement in variable store and marketing expense attributed to cost efficiencies and higher sales volume;
- Pre-opening expenses decreased to \$9.2 million compared to \$9.8 million in the first six months of fiscal 2018. Real estate activity in first six months of fiscal 2019 included 42 new stores, nine remodels, and four relocations, compared to 53 new stores, nine remodels, and one relocation in the first six months of fiscal 2018;
- Operating income increased 10.4% to \$445.6 million, or 13.1% of net sales, compared to \$403.7 million, or 13.3% of net sales, in the first six months of fiscal 2018;
- Tax rate decreased to 21.3% compared to 23.0% in the first six months of fiscal 2018. The lower effective tax rate is primarily due to income tax accounting for share-based compensation;
- Net income increased 13.0% to \$353.5 million compared to \$312.7 million in the first six months of fiscal 2018; and
- Diluted earnings per share increased 16.7% to \$6.02, which included a \$0.21 benefit primarily due to income tax accounting for share-based compensation, compared to \$5.16 in the first six months of fiscal 2018, which included a \$0.07 benefit due to income tax accounting for share-based compensation.
