Byrna Surpasses 500,000 Launchers Sold

ANDOVER, Mass., Dec. 12, 2024 (GLOBE NEWSWIRE) -- [Byrna Technologies Inc.](#) ("**Byrna**" or the "**Company**") (**Nasdaq: BYRN**), a technology company specializing in the development, manufacture, and sale of innovative less-lethal personal security solutions, today announced that it surpassed 500,000 launchers sold in November 2024. This significant milestone, achieved just five and a half years after the sale of its first launcher in 2019, is a testament to Byrna's increasing market adoption.

The Byrna HD, the Company's first launcher, was sold on June 1, 2019. In just two and a half years, Byrna reached its first milestone of 100,000 launchers sold in Q4 2021. By Q1 2023, that figure had grown to 250,000. Byrna introduced the Byrna LE launcher in early 2023, and over the past two years, Byrna has doubled its units sold, demonstrating the increasing demand for Byrna's less-lethal launchers.

"Reaching 500,000 launchers sold in just over five years is a remarkable achievement for Byrna," said Byrna CEO Bryan Ganz. "Since our first launcher sale in 2019, Byrna has transformed into a company capable of scaling its operations while also raising awareness about less-lethal solutions. I am incredibly proud of our employees for their dedication to reaching this milestone, and we look forward to continuing to provide individuals and law enforcement with innovative security solutions for years to come."

Byrna's strategic focus on leveraging celebrity influencers has helped significantly boost brand awareness and revenue growth. This approach contributed to a doubling of annual revenue from Byrna's fiscal year 2023 to fiscal year 2024, establishing a strong foundation for continued expansion.

About Byrna Technologies Inc.

Byrna is a technology company specializing in the development, manufacture, and sale of innovative less-lethal personal security solutions. Forward-Looking Statements

This news release contains "forward-looking statements" within the meaning of the securities laws. All statements contained in this news release, other than statements of current and historical fact, are forward-looking. Often, but not always, forward-looking statements can be identified by the use of words such as "plans," "expects," "intends," "anticipates," and "believes" and statements that certain actions, events or results "may," "could," "would," "should," "might," "occur," "be achieved," or "will be taken." Forward-looking statements

include descriptions of currently occurring matters which may continue in the future. Forward-looking statements in this news release include, but are not limited to, our statements related to preliminary revenue results for the fourth fiscal quarter and fiscal year 2024, the timing of the release of full financial results for the quarter, trends regarding brand recognition and future sales potential, sales during the holiday season and during 2025, and the Company's plans to open Company-owned retail stores. Forward-looking statements are not, and cannot be, a guarantee of future results or events. Forward-looking statements are based on, among other things, opinions, assumptions, estimates, and analyses that, while considered reasonable by the Company at the date the forward-looking information is provided, inherently are subject to significant risks, uncertainties, contingencies, and other factors that may cause actual results and events to be materially different from those expressed or implied.

Any number of risk factors could affect our actual results and cause them to differ materially from those expressed or implied by the forward-looking statements in this news release, including, but not limited to, disappointing market responses to current or future products or services; prolonged, new, or exacerbated disruption of the Company's supply chain; the further or prolonged disruption of new product development; production or distribution or delays in entry or penetration of sales channels due to inventory constraints, competitive factors, increased shipping costs or freight interruptions; prototype, parts and material shortages, particularly of parts sourced from limited or sole source providers; determinations by third party controlled distribution channels not to carry or reduce inventory of the Company's products; determinations by advertisers to prohibit marketing of some or all Byrna products; the loss of marketing partners; potential cancellations of existing or future orders including as a result of any fulfillment delays, introduction of competing products, negative publicity, or other factors; product design defects or recalls; litigation, enforcement proceedings or other regulatory or legal developments; changes in consumer or political sentiment affecting product demand; regulatory factors including the impact of commerce and trade laws and regulations; import-export related matters or sanctions or embargos that could affect the Company's supply chain or markets; delays in planned operations related to licensing, registration or permit requirements; and future restrictions on the Company's cash resources, increased costs and other events that could potentially reduce demand for the Company's products or result in order cancellations. The order in which these factors appear should not be construed to indicate their relative importance or priority. We caution that these factors may not be exhaustive; accordingly, any forward-looking statements contained herein should not be relied upon as a prediction of actual results. Investors should carefully consider these and other relevant factors, including those risk factors in Part I, Item 1A, ("Risk Factors") in the Company's most recent Form 10-K, should understand it is impossible to predict or identify all such factors or risks, should not consider the foregoing list, or the risks identified in the Company's SEC filings, to be a complete discussion of all potential risks or uncertainties, and should not place undue reliance on forward-looking information. The Company assumes no obligation to update or revise any forward-looking information, except as required by applicable law.
