At Intel Innovation 2022, CEO Pat Gelsinger and other Intel leaders will showcase the technology, tools and training to empower the world's developers to create what's next. (Credit: Intel Corporation)

When: Sept. 27-28

Where: San Jose McEnery Convention Center, San Jose, California

Livestream: Watch the Day 1 and Day 2 keynotes live on theIntel Newsroom; 9-10 a.m. PDT daily

Event Registration: Intel Innovation website

The two-day hybrid event is a technical conference designed to benefit global developers, architects, business leaders, creators and students. The packed agenda allows this valued community to get up to speed with the latest Intel technologies and tools, innovative new computing solutions, hands-on labs and tutorials, networking and community-building, and interaction with top Intel and industry experts.

To see and experience what comes next, visit the Intel Newsroom and follow along on social media with @IntelNews and @Intel on Twitter, @Intel on Instagram and Intel on Facebook.

About Intel

Intel (Nasdaq: INTC) is an industry leader, creating world-changing technology that enables global progress and enriches lives. Inspired by Moore's Law, we continuously work to advance the design and manufacturing of semiconductors to help address our customers' greatest challenges. By embedding intelligence in the cloud, network, edge and every kind of computing device, we unleash the potential of data to transform business and society for the better.
