Red Cat Holdings Reports Financial Results from Fiscal Second Quarter 2022 and Provides Corporate Update

HUMACAO, Puerto Rico, Dec. 20, 2021 /PRNewswire/ -- Red Cat Holdings, Inc. (Nasdaq: RCAT) ("Red Cat" or "Company"), a hardware-enabled software provider to the drone industry, reports its financial results for the fiscal quarter ended October 31, 2021 and provides a business update.

Second Quarter 2022 Financial Highlights:

- Revenues for the fiscal quarter ended October 31, 2021 were approximately \$1.9 million, compared to approximately \$428,000 for the same period in 2020, representing an increase of more than 300%
- Adjusted Net loss for the quarter ended October 31, 2021, which excludes non-cash expenses, primarily related to stock-based compensation, was approximately \$3 million, as compared to an adjusted net loss of approximately \$640,000 for the fiscal quarter ended October 31, 2020
- Cash and investments were approximately \$60 million as of October 31, 2021

Recent Corporate Highlights:

- Closed the acquisitions of Teal Drones
- Passage of Infrastructure Bill Should Benefit Drone Industry
- Teal Opens new Manufacturing Facility in Salt Lake City, Utah
- Skypersonic awarded contract with NASA (National Aeronautics and Space Administration)

"We made significant corporate progress on several fronts in our fiscal second quarter and saw record revenue that grew 336% year-over-year and 33% quarter-over-quarter. Closing the acquisition of Teal Drones was a critical milestone for the Company and allows for expansion into the military segment," commented Red Cat CEO Jeff Thompson. "The successful integration of Teal Drones and its recent move into a larger manufacturing facility will be instrumental in our success going forward and allow us to execute on a number of larger Department of Defense contracts we are pursuing in our expanding sales funnel.

Moreover, beginning in January, we expect to generate at least \$1 million in monthly revenue from drone production at Teal to satisfy existing orders and envision revenue growth accelerating in the first half of calendar 2022 based on our current contracts alone. Any additionally announced contracts would be additive to our current outlook.

"We believe the recently passed federal infrastructure bill, which has \$280 billion in earmarked funds to provide inspection services on railways, roads, bridges, and electrical grid maintenance will also provide opportunities for U.S.-based drone manufacturers like Red Cat. Our Skypersonic segment is well-positioned to provide efficient and reliable inspection and surveillance services that are needed in identifying weak links in our country's infrastructure," added Mr. Thompson.

"The second quarter represents our sixth consecutive quarter of revenue growth and we are confident in our ability to continue that trend going forward," stated Joseph Heron, Chief Financial Officer. "Our increased cash burn during the second quarter primarily related to investments in inventory and manufacturing capacity at Teal Drones which we expect to drive revenue growth during calendar year 2022."

Conference Call Today

Jeff Thompson, CEO and Joseph Heron, CFO will also host a conference call at 5:00 p.m. ET on Monday, December 20 to review financial results and provide an update on corporate developments. Following management's formal remarks, there will be a question-and-answer session.

To listen to the conference call, interested parties within the U.S. should dial 1-866-777-2509 (domestic) or 1-412-317-5413 (international). All callers should dial in approximately 10 minutes prior to the scheduled start time and ask to be joined into the Red Cat Holdings, Inc. conference call. Participants can also pre-register for this event using the following link: <https://dpreregister.com/sreg/10162620/f045cd851c>

The conference call will also be available through a live webcast that can be accessed at <https://dpreregister.com/sreg/10162620/f045cd851c>.

The webcast replay will be available until March 20, 2022 and can be accessed through the above link or on the Company's website. A telephonic replay will be available until January 3, 2022, by calling 1-877-344-7529 (domestic) or 1-412-317-0088 (international) and using access code 2436462.

About Red Cat Holdings, Inc.

Red Cat provides drone-based products, services, and solutions through its five subsidiaries and services the enterprise, military, and consumer markets. Teal Drones is a leader in unmanned aircraft systems (UAS), and its Golden Eagle is one of only five drones approved by the Department of Defense for reconnaissance, public safety, and inspection applications. Skypersonic's technology enables drones to complete inspection services in locations where GPS is not available, yet still record and transmit data even while being operated from thousands of miles away. Fat Shark is a leading provider of First Person View (FPV) video goggles. Rotor Riot, LLC is a reseller of FPV drones and equipment, primarily to the consumer marketplace. Red Cat Propware is developing a Software-as-a-Solution ("SaaS") platform to provide drone flight data analytics and storage, as well as diagnostic products and services. Non-GAAP Financial Measures

We have presented a supplemental non-GAAP financial measure in this earnings release. We believe that this supplemental information is useful to investors because it allows for an evaluation of the company with a focus on the performance of its core operations, including

more meaningful comparisons of financial results to historical periods. Adjusted Net Loss is a non-GAAP financial measure which excludes non-cash expenses, primarily related to derivatives and stock-based compensation. Our executive management team uses these same non-GAAP measures internally to assess the ongoing performance of the company.

Below is a reconciliation of Adjusted Net Loss to GAAP net loss for the 6 months ended October 31, 2021 and 2020:
