Amesite Launches Revolutionary NurseMagic™ App in Beta to Empower 5.2 Million Nurses with AI Tools

New App Marks Amesite's Entry into B2C AI Mobile Applications Market

DETROIT, April 24, 2024 (GLOBE NEWSWIRE) -- **Amesite Inc. (NASDAQ: AMST)**, a leading artificial intelligence software company offering a cloud-based learning platform for business and education markets, today announced the beta release of NurseMagic™, an innovative and proprietary app designed for nurses. This new web app uses AI to provide helpful and easy-to-use tools for over 5.2 million nurses, making their daily tasks easier and more efficient. Additionally, with its status as a [Joint Provider with PACE](#), also offers convenient, accredited continuing education (CE) programs to nurses on the app, enabling them to meet requirements for licensure.

NurseMagic™ features include:

- MedDecode: Quickly translates medical terms into simple language.
- Professional Email Generator: Creates practical work emails quickly.
- CareTalk: Assists nurses in talking to patients effectively and with compassion.
- Wellness Break: Coaches nurses on taking effective breaks during the day.
- MedExplainer: Enables nurses to explain medical practices to patients.
- Image-to-Text: Converts images to text for easy reading and communication.
- MedUverse: Offers key information about medications.
- NurseTea: Collects instant feedback through surveys that are shared with the community.

To request an invitation to participate in the NurseMagic™ Beta, nurses can visit this site: <https://www.nursemagic.ai/>

Sai Nittala, Senior AI Manager at Amesite, emphasizes the collaborative role of AI in healthcare: "AI is a partner in the nursing field, enhancing the valuable human elements of nursing care with powerful technology. NurseMagic™ is developed with the vision that AI supports nurses, allowing them to focus more on patient care and less on routine tasks, thereby enriching their professional practice on a daily basis."

Dr. Ann Marie Sastry, CEO of Amesite, said, "Launching apps enables us to directly reach much larger audiences. We want to equip every nurse on the planet with tools that deliver immediate, qualified information, and address the demands on their time while leveraging their expertise. We intend to partner in this sector as we provide professional learning right on the app, and plan to have more announcements as we roll out additional features."
