Genius Group Buys Back 6,037,851 Company Shares

32.6 million shares removed from Company's issued share capital in last 8 days, equivalent to 27% of the Company's public float.

SINGAPORE, June 22, 2026 (GLOBE NEWSWIRE) -- Genius Group Limited (NYSE American: GNS) ("**Genius Group**", "**GNS**" or the "**Company**"), a leading AI-powered education group, today announced that it has bought back 6,037,851 Class A Ordinary Shares in a privately negotiated off-market transaction with a non-affiliated private holder, which together with the 6.6 million shares buyback announced on June 15, 2026 represents 96% of the 13.2 million share buyback authorised by the Company's Board of Directors on June 7, 2026.

The repurchase was executed in a privately negotiated transaction at a price below the recent trading price of the Company's Class A Ordinary Shares on the NYSE American, providing immediate accretion to the Company's Net Asset Value per Share ("NAVPS") for the benefit of remaining shareholders.

Further to the buyback, the Company will cancel the 6,037,851 shares in accordance with applicable Singapore and U.S. requirements, reducing the Company's issued share capital accordingly.

Today's transaction, follows a buyback of 6,600,000 shares announced on June 15, 2026 and the cancellation of 20,000,000 shares announced on June 17, 2026. The three corporate actions results in the removal and reduction of 32.6 million shares from the Company's issued capital, equivalent to 27% of the Company's public float.

Roger James Hamilton, Founder and CEO of Genius Group, said "*This buyback is part of our ongoing commitment to increase Net Asset Value per Share by reducing issued share capital. With 32.6 million shares removed from issued share capital in the last 8 days, we are taking decisive steps to increase our NAVPS.*"

The Company has previously announced it has identified an aggregate of up to 43.3 million shares for removal from the Company's public float. The 32.6 million shares removed in the last 8 days represents 75% of the total shares identified.

The Company is targeting to continue to remove these shares from its issued share capital over time. While the timing and amount of any further repurchases or cancellations cannot be assured, the Company intends to act diligently to complete as much of the remaining mandate as practical prior to its expiry on July 6, 2026.

At the Company's Annual General Meeting on July 7, 2026, shareholders will be invited to approve a further buyback mandate of up to 20% of the Company's issued Class A Ordinary

Shares, valid for the following twelve months. Details of the AGM are available in the Company's SEC filings [here](#).
