OCEANIA CRUISES WELCOMES ALLURA TO ITS ACCLAIMED FLEET

Setting Sail in 2025, Vista's Sister Ship is the Line's Second Allura Class Ship

MIAMI, Jan. 31, 2023 /PRNewswire/ -- [Oceania Cruises](#), the world's leading culinary- and destination-focused cruise line, introduces *Allura* today, naming the second 1,200-guest Allura Class ship. Debuting in 2025, *Allura* is the eighth vessel for the line and will be the sister ship to *Vista*, which sets sail in May 2023.

Named to reflect the excitement of starting an immersive new journey, *Allura* will entice guests to discover some of the world's most captivating locations, enjoying the freedom of exploration while sailing the open seas. *Allura* represents the eternal call of the mysterious and the unknown. The luxurious new vessel will bring travelers a world of enchantment where new adventures, familiar faces, off-the-beaten-path destinations and more await.

"At Oceania Cruises, we are always looking for ways to evolve, elevate and modernize our offerings to continuously surprise and delight our discerning guests as they enjoy immersive new experiences," said Frank A. Del Rio, President of Oceania Cruises. "We are thrilled with the incredible demand we have witnessed for *Allura's* sister ship, *Vista*, with her 2023 maiden season already sold out, and we know *Allura* will be equally as popular with our guests.

The arrival of any new ship is the ideal time to look closely at what we offer travelers. As we prepare to welcome *Allura* to the family, we have already started planning exciting new elements to be added across the fleet."

In true Oceania Cruises style, *Allura* will serve The Finest Cuisine at Sea, boast exceptionally personalized service with warm and welcoming staff, and feature captivating residential furnishings and decor as she sails a variety of destination-rich itineraries. Measuring approximately 67,000 tons, *Allura* will accommodate 1,200 guests and be staffed by 800 officers and crew, offering industry-leading space and staff-to-guest ratios.

Allura highlights include an array of inventive new dining experiences including Ember, an upscale signature restaurant serving reimagined American classics, and Aquamar Kitchen, both debuting on *Vista* in May, as well as the largest standard staterooms and a new Chef's Studio.

Currently under construction by renowned shipbuilder Fincantieri S.p.A. in Italy, the all-veranda vessel will sail her maiden voyage in spring 2025.

Details of *Allura*'s inaugural season, which will feature an intriguing array of marquee and boutique destinations across Europe and the Americas, will be revealed this spring before going on sale in the summer.

Del Rio added, "*Allura*'s inaugural journeys are designed to appeal to all global travelers, whether they revel in the joy that comes with reconnecting with favorite destinations or are excited to discover new places and sights for the very first time."
