Toll-free replay number: 1-844-512-2921

International replay number: 1-412-317-6671

Conference ID: 13735530

About Coda Octopus Group, Inc.

The Company, founded in 1994, innovates, develops, manufactures and markets subsea products (hardware and software) and solutions including its flagship real-time 3D, 4D, 5D and 6D underwater imaging sonar technology, marketed under the name "Echoscope®" and "Echoscope PIPE®" and its recently launched Diver Augmented Vision Display system ("CodaOctopus® DAVID"). This sonar technology generates real-time 3D, 4D, 5D and 6D imaging data for inspection and mapping underwater and is used globally for numerous

applications including the commercial and defense underwater market. Applications for the Echoscope® technology include complex mapping underwater, subsea intervention, subsea asset placements, offshore renewables cable installations and surveys, marine construction, subsea infrastructure installation, mining applications, breakwater construction and monitoring, decommissioning, diving applications and port and harbor security. The recently launched new generation of diving technology, DAVD, is expected to change the way global diving operations are performed (both in the Defense and Commercial space) because it provides real time digital information for use and consumption by both the divers and the dive supervisor top-side team. It is also expected to transform the way communications are made in diving from analog audio to digital audio and to 2D and 3D visual imagery, both in textual and video format. In addition to the Marine Products business, Coda Octopus Products Ltd., CODA's two defense engineering services businesses are operated through Coda Octopus Colmek and Coda Octopus Martech. Forward Looking Statement

This press release contains forward-looking statements concerning Coda Octopus Group, Inc. within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Those forward-looking statements include, without limitation, statements regarding the Company's expectations for the growth of the Company's operations and revenues. Such statements are subject to certain risks and uncertainties, and actual circumstances, events or results may differ materially from those projected in such forward-looking statements. The words "believe," "may," "will," "potentially," "estimate," "continue," "anticipate," "intend," "could," "would," "project," "plan," "expect" and similar expressions that convey uncertainty of future events or outcomes are intended to identify forward-looking statements. Factors that could cause or contribute to differences include, but are not limited to, the ongoing Coronavirus Pandemic, customer demand for our products and market prices; the outcome of our ongoing research and development efforts relating to our products including our real time 3D, 4D, 5D and 6D underwater sonar technology solutions; changes in the volume or timing of previously delayed defense orders, and other examples of forward looking statement set forth in our Annual Report on Form 10-K for the year ended October 31, 2021, filed with the Securities and Exchange Commission on February 14, 2022. Coda Octopus Group, Inc. does not undertake, and specifically disclaims any obligation to update or revise such statements to reflect new circumstances or unanticipated events as they occur.
