

Sonoma Pharmaceuticals Reports First Quarter FY 2019 Financial Results

- Total Revenue up 20% over March 2018 Quarter
- Total Revenue up 14% over June 2017 Quarter

Conference Call Begins at 4:30pm EDT Today

PETALUMA, Calif., Aug. 08, 2018 (GLOBE NEWSWIRE) -- Sonoma Pharmaceuticals, Inc. (Nasdaq: SNOA), today announced financial results for the first quarter FY 2019 ended June 30, 2018. Total revenue of \$4.4 million for the first quarter ended June 30, 2018, was up 14% when compared to \$3.8 million for the same period last year. Product revenues of \$4.1 million for the first quarter ended June 30, 2018, was up 14%, or \$492,000, when compared to the same period last year, with increases in the U.S. and Latin American revenue.

"We're pleased by our company's first quarter revenue growth and are excited to see the initial success behind our recently launched mail-order prescription delivery program," says Jim Schutz, Sonoma Pharmaceuticals CEO. "We have a good track record of engaging doctors to support our differentiated patient solutions in the dermatology market. We believe our new mail-order, direct-to-patient initiative will help to address the challenges with insurance coverage and the use of rebates and will also enable us to better serve our patients. We were encouraged to see the percent of prescriptions directed to and fulfilled by this program increase throughout the first quarter FY2019. Also, in the quarter, we expanded our addressable markets as the result of new FDA approvals for our dermatology and eye care product lines and additional market approvals and partnerships for our products internationally."

Business Highlights:

- Received U.S. FDA clearance for post-laser therapy gel enabling entry into lucrative cosmetic markets.
- Received FDA clearances to add antimicrobial language to key dermatology and eye care products.
- Relaunched Acuicyn™ eye care solution with next-gen formulation, antimicrobial name and enhanced packaging to more aggressively compete in eye hygiene market.
- Launched direct-to-patient mail order program accounting for 20% of dermatology units shipped in month of June.
- Signed a license and supply agreement in June 2018 with the largest pharmaceutical company in Brazil, NC Group/U.SK, to commercialize seven HOCl products.
- Received approval from United Arab Emirates (UAE) Ministry of Health & Prevention for seven products addressing the following indications; daily eyelid hygiene, antimicrobial nasal cleaning, antiseptic mouth and throat rinse, acne and several antifungal indications.

Results for the Three Months Ended June 30, 2018

Product revenues in the United States of \$2 million for the three months ended June 30, 2018, increased by \$112,000, or 6%, as compared to \$1.9 million for the three months ended June 30, 2017. This increase was mostly the result of higher sales of the company's dermatology and animal health care products, partly offset by a decrease in sales of our acute care products. While the gross dermatology revenue showed strong growth, the amount of the rebate costs and the growth in units sold were still impacted by the reset of the health care plans in January and the growth of high deductible health care programs.

Product revenue in Latin America for the quarter ended June 30, 2018, was \$1.1 million, up 90% from the same period last year. This amount reflects the high growth in the sale of products to Invekra and the sale of products into the Latin America market, following the completion of Sonoma's asset sale to Invekra in October 2016. Sonoma will continue to supply products to Invekra until its manufacturing facility is operational.

Product revenue in Europe and the rest of the world of \$1 million, for the first quarter ended June 30, 2018, decreased by \$130,000, or 11%, as compared to \$1.2 million for the three months ended June 30, 2017. This decrease was the result of lower sales in the Middle East and Singapore, partly offset by higher sales in China, Korea, Australia, New Zealand and India.

Gross profit for the quarter ended June 30, 2018, was \$1.7 million, or 40% of total revenue, compared to a gross profit of \$1.8 million, or 46% of total revenue in the same period in the prior year. The decrease in gross profit, as a percentage of revenue, was primarily due to the change in the mix as a result of higher sales in Latin America to Invekra at a low profit margin.

Operating expenses minus non-cash expenses during the first quarter of fiscal year 2019 were \$4.9 million, up \$206,000 or 4%, as compared to the same period in the prior year. This increase in operating expenses was mostly due to higher marketing and legal expenses in the United States, partly offset by a decline in Latin American expenses.

Loss from operations was \$3.5 million, down \$50,000, compared to \$3.5 million for the same period last year. Operating loss less non-cash expenses (EBITDA) for the three months ended June 30, 2018, was \$3.1 million, compared to \$2.8 million for the same period last year.

As of June 30, 2018, Sonoma had cash and cash equivalents of \$7.7 million, as compared to \$10.1 million as of March 31, 2018.

Conference Call
