AMD Celebrates Break-Through Successes in 2017 by Recognizing Key Suppliers

SANTA CLARA, Calif., June 25, 2018 (GLOBE NEWSWIRE) -- AMD (NASDAQ:AMD) today announced awards for key suppliers that contributed to the successful launch of 10 new high-performance computing and graphics product families in 2017. The companies honored demonstrated commitment to AMD through excellence in delivery of material, services and technology.

“Our multi-year strategy to design and deliver high-performance products requires a team effort across our global supply chain. Our deep collaboration with our ecosystem of suppliers enables AMD to focus on bringing innovation and choice to the market,” said Keivan Keshvari, senior vice president of Global Operations for AMD. “We look forward to continuing this shared success with our suppliers as market momentum continues to grow for our Ryzen™, Radeon™ and EPYC™ products. Beyond these acknowledgements, AMD extends thanks and appreciation to its entire global network of suppliers for their role supporting our joint success.”

2017 was a successful year for AMD fueled by a record number of innovative product launches delivered to the market. The following suppliers are being recognized as those who played a leading role in enabling these results:

- Edelman
- GLOBALFOUNDRIES
- Ibiden Co., Ltd.
- Jentech
- PC Partner (PCP)
- Samsung Electro-Mechanics
- Siliconware Precision Industries Co., Ltd. (SPIL)
- TF-AMD

About AMD
For more than 45 years AMD has driven innovation in high-performance computing, graphics and visualization technologies — the building blocks for gaming, immersive platforms and the datacenter. Hundreds of millions of consumers, leading Fortune 500 businesses and cutting-edge scientific research facilities around the world rely on AMD technology daily to improve how they live, work and play. AMD employees around the world are focused on building great products that push the boundaries of what is possible.
