Interpace Biosciences Launches New Corporate Website

PARSIPPANY, NJ, Dec. 02, 2019 (GLOBE NEWSWIRE) -- Interpace Biosciences, Inc. (IDXG) announced today that it is launching its new corporate website, "Interpace.com". Now both the Diagnostics and Pharma Solutions businesses of Interpace are represented together on one easy to navigate website. The site provides information on the offerings of both divisions including diagnostic and tailored laboratory services testing, patient support, physician education, clinical trial data management, project management, and bioinformatics. The combined businesses represent a broad spectrum of products and services offered to both the physician and pharmaceutical company constituencies and demonstrate how Interpace Biosciences can both help resolve diagnostic uncertainty and empower better medicine

About Interpace Biosciences, Inc.

Interpace is a leader in enabling personalized medicine, offering specialized services along the therapeutic value chain from early diagnosis and prognostic planning to targeted therapeutic applications.

Interpace's Diagnostics is a fully integrated commercial and bioinformatics business unit that provides clinically useful molecular diagnostic tests, bioinformatics and pathology services for evaluating risk of cancer by leveraging the latest technology in personalized medicine for improved patient diagnosis and management. Interpace has four commercialized molecular tests and one test in a clinical evaluation process (CEP): PancreGEN[®] for the diagnosis and prognosis of pancreatic cancer from pancreatic cysts; ThyGeNEXT[®] for the diagnosis of thyroid cancer from thyroid nodules utilizing a next generation sequencing assay; ThyraMIR[®] for the diagnosis of thyroid cancer from thyroid nodules utilizing a proprietary gene expression assay; and RespriDX[®] that differentiates lung cancer of primary vs. metastatic origin. In addition, BarreGEN[®] for Barrett's Esophagus, is currently in a clinical evaluation program whereby we gather information from physicians using BarreGEN[®] to assist us in positioning the product for full launch, partnering and potentially supporting reimbursement with payers.

Interpace's Biopharma is a market leader in providing pharmacogenomics testing, genotyping, and biorepository services to the pharmaceutical and biotech industries. The Biopharma Business also advances personalized medicine by partnering with pharmaceutical, academic, and technology leaders to effectively integrate pharmacogenomics into their drug development and clinical trial programs with the goals of delivering safer, more effective drugs to market more quickly, and improving patient care.
