BioCorRx, Inc. Announces Agreements With Additional Wellness Centers in California, Wisconsin and Arizona; Recent Appearance on National Television

LOS ANGELES, CA -- (Marketwired) -- 12/07/15 -- [BioCorRx, Inc.](#) (OTCQB: BICX), developer of the BioCorRx® Recovery Program, a Medication-Assisted Treatment (MAT) program used in the treatment of alcohol and opioid addiction, announces new distribution agreements with existing wellness centers. The agreements are part of the company's continued focus to distribute its addiction treatment program, built around long-lasting Naltrexone therapy, to wellness centers nationally. The new centers are to be located in Oxnard, CA, Oconomowoc, WI, and Mesa, AZ. In addition to these recent agreements, many of the centers in other areas previously disclosed are now treating patients. Visit www.BeatAddiction.com for the most up to date list of locations treating patients currently or for those coming soon.

The company is also excited to share their recent appearance on Fox and Friends where *Growing Pains* alum Jeremy Miller, alongside Dr. George Fallieras, discussed the benefits of Naltrexone therapy offered as part of the BioCorRx® Recovery Program. In the past month, Jeremy was also a keynote speaker at the In Recovery Expo in Prescott, Arizona.

"We are pleased about the expanded availability of our addiction treatment program as well as increased awareness through the attention we've received by national media," stated BioCorRx COO & interim CEO, Brady Granier. "The availability of our newly retooled and rebranded program, the BioCorRx® Recovery Program, in new areas is great news for those suffering from addiction in these new areas. More individuals will soon have access to the benefits of our program's most up to date tools and counseling techniques in a discreet and convenient setting," says Granier.

Visit BioCorRx, Inc.'s company website at www.BioCorRx.com to receive the most up to date company information. For families interested in learning more about the treatment program, visit www.BeatAddiction.com.

About BioCorRx

BioCorRx, Inc. ® (OTCQB: BICX) is an addiction treatment company offering a unique approach to the treatment of substance abuse addiction. The BioCorRx® Recovery

Program, a Medication-Assisted Treatment (MAT) program, consists of two components. The first component of the program consists of an outpatient implant procedure performed by a licensed physician. The implant delivers therapeutic levels of the non-addictive medicine, Naltrexone, an opioid antagonist that significantly reduces physical cravings for alcohol and opioids, into the body. The second component of the program developed by BioCorRx, Inc. is a one on one counseling program specifically tailored for the treatment of alcoholism and other substance abuse addictions. Clinic reports show that the treatment program can be successful for individuals who complete the program. For more information on BICX, visit www.BioCorRx.com
