SHREWSBURY, NJ -- (MARKET WIRE) -- 07/28/11 -- Wayside Technology Group, Inc. (NASDAQ: WSTG) today reported financial results for the second quarter ended June 30, 2011. The results will be discussed in a conference call to be held on Friday, July 29, 2011 at 10:00 AM Eastern time. The dial-in telephone number is (866) 861-4873 and the pass code is "WSTG."

This conference call will be available via live webcast -- in listen-mode only -- at www.earnings.com. A replay will also be available on the company's website at www.waysidetechology.com.

Cash and marketable securities amounted to \$13.1 million, representing 48% of equity as of June 30, 2011.

Net sales for the second quarter of 2011 increased 25% to \$60.7 million compared to \$48.4 million for the same period in 2010. Total sales for the second quarter of 2011 for our TechXtend segment (formerly Programmer's Paradise segment) were \$11.7 million compared to \$12.6 million in the second quarter of 2010, representing a 7% decrease. Total sales for the second quarter of 2011 for our Lifeboat segment were \$49.0 million compared to \$35.8 million in the second quarter of 2010, representing an increase of \$13.1 million or 37%.

"We performed well in the second quarter of 2011," said Simon F. Nynens, Chairman and Chief Executive Officer. "We continue to invest in the growth of our company and we are pleased to report a continued high growth rate."

Sales from our Lifeboat segment showed strong growth. The 37% increase in net sales in the second quarter of 2011 compared to 2010 was mainly a result of our continued focus on the expanding virtual infrastructure-centric business, the addition of several key product lines, and the strengthening of our account penetration. The decrease in sales in the TechXtend division was primarily due to fewer large sales transactions in the current quarter.

Gross Profit for the quarter ended June 30, 2011 was \$5.6 million compared to \$4.7 million for the second quarter of 2010, representing a 20% increase. Total gross profit for our TechXtend segment was \$1.3 million compared to \$1.3 million in the second quarter of

2010, representing a 2% decrease. Total gross profit for our Lifeboat segment was \$4.3 million compared to \$3.4 million in the second quarter of 2010, representing a 28% increase. This increase in gross profit was due to aggressive sales volume growth within our Lifeboat segment. Vendor rebates and discounts for the quarter ended June 30, 2011 amounted to \$0.8 million compared to \$0.7 million for the second quarter of 2010. Vendor rebates are dependent on reaching certain targets set by our vendors.

Total gross profit, as a percentage of net sales, for the second quarter of 2011 was 9.2%, compared to 9.7% in the second quarter of 2010.

The increase in gross profit dollars and the decrease in gross profit margin as a percentage of net sales was primarily caused by the aggressive sales growth within our Lifeboat segment, competitive pricing pressure in both segments, and also in part by our having won several large bids based on aggressive pricing, which we plan to continue to do.

Total selling, general, and administrative ("SG&A") expenses for the second quarter of 2011 were \$3.6 million compared to \$3.2 million for the second quarter of 2010, which was mainly the result of a increase in employee and employee-related expenses (salaries, commissions, bonus accruals and benefits) of \$0.3 million in 2011 compared to 2010. As a percentage of net sales, SG&A expenses for the second quarter of 2011 were 6.0% compared to 6.5% for the second quarter of 2010.

On July 26, 2011, the Board of Directors declared a quarterly dividend of \$.16 per share of its common stock payable August 19, 2011 to shareholders of record on August 9, 2011.
