Wayside Technology Group, Inc. (NASDAQ: WSTG) today announced financial results for the third quarter ended September 30, 2014. The results will be discussed in a conference call to be held on Friday, October 31, 2014 at 10:00 a.m. EDT. The dial-in telephone number is (866) 847-7864 and the pass code is "WSTG." This conference call will be webcast by NASDAQ OMX and can be accessed at Wayside Technology's web site at www.waysidetechology.com/earnings-call.

"I am pleased to report solid financial results for Q3 2014. Overall, revenue increased 28% to a record \$90.5 million and income from operations increased 6% over the same period last year," said Simon F. Nynens, Chairman and Chief Executive Officer.

Cash and long term receivables amounted to \$26.4 million, representing 68% of equity as of September 30, 2014. Working capital amounted to \$27.3 million, representing 70% of equity as of September 30, 2014.

Net sales for the third quarter ended September 30, 2014 increased 28% or \$20.0 million to \$90.5 million compared to \$70.5 million for the same period in 2013. Total sales for the third quarter of 2014 for our Lifeboat Distribution segment were \$77.4 million compared to \$56.9 million in the third quarter of 2014, representing an increase of \$20.5 million or 36%. Total sales for the third quarter of 2014 for our TechXtend segment were \$13.1 million compared to \$13.6 million in the third quarter of 2013, representing a decrease of \$0.5 million or 4%.

The 36% increase in net sales for the Lifeboat Distribution segment was mainly a result of the strengthening of our account penetration, our continued focus on the expanding virtual infrastructure-centric business, product mix and the addition of several key product lines. The 4% decrease in net sales in the TechXtend segment was primarily due to a decrease in

extended payment terms sales transactions as compared to the same period in 2013.

Gross Profit for the third quarter ended September 30, 2014 was \$6.2 million, a 17% increase as compared to \$5.3 million for the third quarter of 2013. Gross profit for our Lifeboat segment in the third quarter of 2014 was \$4.7 million compared to \$3.8 million for the third quarter of 2013, representing a 23% increase. Gross profit for our TechXtend segment was essentially flat at \$1.4 million in the third quarter of 2014 and 2013.

Gross profit margin (gross profit as a percentage of net sales) for the third quarter ended September 30, 2014 was 6.8% compared to 7.5% for the third quarter of 2013. Gross profit margin for the nine months ended September 30, 2014 was 7.2% compared to 7.9% in the same period in 2013. Gross profit margin for our Lifeboat segment for the third quarter of 2014 was 6.1% compared to 6.8% for the third quarter of 2013. The decrease in gross profit margin for the Lifeboat Distribution segment was primarily caused by competitive pricing pressures and product mix. Gross profit margin for our TechXtend segment for the third quarter of 2014 was 10.9% compared to 10.4% for the third quarter of 2013, due primarily to a decline in extended payment terms sales transactions in the third quarter of 2014 as compared to the same period in 2013.

Total selling, general, and administrative ("SG&A") expenses for the third quarter of 2014 were \$4.3 million compared to \$3.5 million for the third quarter of 2013. This increase is primarily the result of an increase in employee and employee related expenses (salaries, commissions, bonus accruals, benefits and severance expenses of \$0.3 million) and occupancy expenses in 2014 compared to 2013.

For the three months ended September 30, 2014, the Company recorded a provision for income taxes of \$0.6 million or 31.6% of income, compared to \$0.6 million or 30.5% of income for the same period in 2013.

Net income and diluted earnings per share for the third quarter of 2014 were \$1.4 million and \$0.29, respectively, compared to \$1.3 million and \$0.29, respectively, for the third quarter of 2013.

On October 29, 2014, the Board of Directors declared a quarterly dividend of \$.17 per share of its common stock payable November 17, 2014 to shareholders of record on November 10, 2014.

In light of the continued growth of the business and the important strategic determinations undertaken by the Board of Directors, on October 29, 2014, the Board, recognizing that the Company's Chairman, President and Chief Executive Officer roles are unified and filled by Simon Nynens, decided to name a lead director from among its independent directors and to clearly define the lead director's role and responsibilities. The Board named F. Duffield Meyercord as its lead director. The Board believes that this action is consistent with best corporate practices, enhancing both transparency of Board actions and Board independence.
