Presenter: John Fowler, Chief Executive Officer

The presentations will be webcast live and may be accessed in the "Investors and News" section of the Company's website at www.kezarlifesciences.com. Kezar Life Sciences will maintain an archived replay of the webcasts on its website for 90 days after the conference.

About Kezar Life Sciences

Based in South San Francisco, Kezar Life Sciences is combining courage, conviction, and cutting-edge science to develop breakthrough treatments for immune-mediated and oncologic disorders. The company is pioneering first-in-class, small-molecule therapies that harness master regulators of cellular function and inhibit multiple drivers of disease via a single target. KZR-616, a first-in-class selective immunoproteasome inhibitor, is being evaluated in severe and underserved autoimmune diseases. Additionally, KZR-261, the first clinical candidate for the treatment of cancer from the company's protein secretion program targeting the Sec61 translocon, is undergoing IND-enabling activities.
