Cheniere and EIG Complete Financing and Issue Full Notice to Proceed on Midship Pipeline Project

HOUSTON--(BUSINESS WIRE)-- Cheniere Energy, Inc. ("Cheniere") (NYSE American: LNG) and funds and accounts managed by EIG Global Energy Partners ("EIG") announced today that Midship Pipeline Company, LLC ("Midship Pipeline") has issued Notice to Proceed to Strike, LLC, M.G. Dyess, Inc., TRC Pipeline Services, LLC, and Cenergy, LLC to construct the Midship natural gas pipeline and related compression and interconnect facilities (the "Midship Project"). The Midship Project received final Notice to Proceed from the Federal Energy Regulatory Commission in February 2019 and is expected to be placed in service by the end of 2019. Midship Pipeline is indirectly and jointly owned by Cheniere and EIG.

To complete financing of the Midship Project, Midship Pipeline entered into senior secured credit facilities with total commitments of up to approximately \$680 million. The credit facilities consist of an approximate \$615 million construction loan facility and a \$65 million revolving credit facility. Proceeds from these credit facilities will be used to fund a portion of the costs of developing, constructing, and placing into service the Midship Project, to fund working capital requirements, and for related general corporate purposes.

Midship Project

The Midship Project is being developed to create pipeline capacity of up to 1,440,000 Dekatherms per day of firm transportation to connect production from the emerging STACK and SCOOP resource plays in the Anadarko Basin in Oklahoma to growing Gulf Coast and Southeast markets. The Midship Project is expected to consist of approximately 200 miles of 36 inch diameter new mainline pipeline, several laterals, compressor stations and interconnects that will provide receipts from STACK and SCOOP processing plants and provide deliveries to Bennington, Oklahoma, as well as access to downstream markets including the TexOk hub near Atlanta, Texas, and the Perryville Hub near Tallulah, Louisiana. Midship Pipeline has secured commitments from subsidiaries and/or affiliates of Cheniere, Devon Energy Corporation, Marathon Oil Corporation, and Gulfport Energy Corporation.

About Cheniere

Cheniere Energy, Inc. is the leading producer and exporter of liquefied natural gas (LNG) in the United States, reliably providing a clean, secure, and affordable solution to the growing global need for natural gas. Cheniere is a full-service LNG provider, with capabilities that include gas procurement and transportation, liquefaction, vessel chartering, and LNG delivery. Cheniere has one of the largest liquefaction platforms in the world, consisting of the Sabine Pass and Corpus Christi liquefaction facilities on the U.S. Gulf Coast, with expected aggregate nominal production capacity of 36 million tonnes per annum of LNG operating or

under construction. Cheniere is also pursuing liquefaction expansion opportunities and other projects along the LNG value chain. Cheniere is headquartered in Houston, Texas, and has additional offices in London, Singapore, Beijing, Tokyo, and Washington, D.C.

For additional information, please refer to the Cheniere website at www.cheniere.com and Annual Report on Form 10-K for the fiscal year ended December 31, 2018, filed with the Securities and Exchange Commission.

Since 1982, EIG has been one of the leading providers of institutional capital to the global energy industry, providing financing solutions across the balance sheet for companies and projects in the oil and gas, midstream, infrastructure, power and renewables sectors globally. EIG has committed over \$29.1 billion to 341 portfolio investments in 36 countries. EIG is headquartered in Washington, D.C., with offices in Houston, London, Sydney, Rio de Janeiro, Hong Kong and Seoul. Visit www.eigpartners.com to learn more.

Forward-Looking Statements

This press release contains certain statements that may include “forward-looking statements” within the meanings of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. All statements, other than statements of historical or present facts or conditions, included herein are “forward-looking statements.” Included among “forward-looking statements” are, among other things, (i) statements regarding Cheniere’s business strategy, plans and objectives, including the development, construction and operation of the Midship Project, (ii) statements regarding expectations regarding regulatory authorizations and approvals, (iii) statements regarding the business operations and prospects of third parties, (iv) statements regarding potential financing arrangements and (v) statements regarding future discussions and entry into contracts. Although Cheniere believes that the expectations reflected in these forward-looking statements are reasonable, they do involve assumptions, risks and uncertainties, and these expectations may prove to be incorrect. Cheniere’s actual results could differ materially from those anticipated in these forward-looking statements as a result of a variety of factors, including those discussed in Cheniere’s periodic reports that are filed with and available from the Securities and Exchange Commission. You should not place undue reliance on these forward-looking statements, which speak only as of the date of this press release. Other than as required under the securities laws, Cheniere does not assume a duty to update these forward-looking statements.
