Cheniere Publishes Climate Scenario Analysis Report

HOUSTON--(BUSINESS WIRE)-- Cheniere Energy, Inc. ("Cheniere") (NYSE American: LNG) announced today that it has published a Climate Scenario Analysis Report. The report analyzes the long-term resilience of Cheniere's business and the potential implications for LNG supply and demand in various future climate scenarios through 2040, including the IEA Sustainable Development Scenario, which is a below 2°C warming scenario. The analysis and report are aligned with the recommendations of the Task Force on Climate-related Financial Disclosures.

"The conclusions of this analysis reinforce our belief that Cheniere's business is built for longevity, and that LNG has a significant role to play in the global transition to a lower carbon future," said Jack Fusco, Cheniere's President and Chief Executive Officer. "This analysis will assist Cheniere in strategic business decisions and efforts to inform our stakeholders about climate-related risks and business opportunities."
