# RENOVA HEALTH, INC. COMPLETES REVERSE STOCK SPLIT

**WEST PALM BEACH, Fla., July 19, 2021 (GLOBE NEWSWIRE) -- Rennova Health, Inc. (OTC: RNVA) (OTC: RNVAV)**, today announced that effective at 5:00 pm, Eastern Time, on July 16, 2021 (the “Effective Time”), the Company effected a 1 for 1,000 reverse stock split of its outstanding common stock. The Company’s common stock will open for trading on Monday, July 19, 2021 on a post-split basis under the temporary trading symbol “RNVAD”. The trading symbol will revert to “RNVA” after 20 business days.

As a result of the reverse stock split, every 1,000 shares of the Company’s common stock issued and outstanding on the Effective Time were consolidated into one issued and outstanding share, except to the extent that the reverse stock split resulted in any of the Company’s stockholders owning a fractional share, which fractional share will be in that case paid in cash. In connection with the reverse stock split, there was no change in the nominal par value per share of \$0.0001.

Trading of the Company’s common stock will continue on a split-adjusted basis under a new CUSIP number. Based on the number of shares outstanding on July 16, the reverse stock split reduced the number of shares of the Company’s common stock outstanding from approximately 10 billion pre-reverse split shares to approximately 10 million post-reverse split.

All outstanding preferred shares, stock options, warrants, and equity incentive plans immediately prior to the reverse stock split generally were appropriately adjusted by dividing the number of shares of common stock into which the preferred shares, stock options, warrants and equity incentive plans were exercisable or convertible by 1,000 and multiplying the exercise or conversion price by 1,000, as a result of the reverse stock split.

The Company has retained its transfer agent, Computershare Inc., to act as its exchange agent for the reverse stock split. Computershare will provide stockholders of record as of the Effective Time a letter of transmittal providing instructions for the exchange of their stock certificates. Stockholders owning shares via a broker or other nominee will have their positions automatically adjusted to reflect the reverse stock split, subject to brokers’ particular processes, and will not be required to take any action in connection with the reverse stock split.
