(NASDAQ:MARA) ("Marathon" or the "Company"), an IP licensing and management company, today announced that it has entered into a definitive purchase agreement to acquire 100% ownership of Global Bit Ventures Inc. ("GBV"), a digital asset technology company that mines cryptocurrencies. GBV has robust infrastructure in place with significant capability for expansion. The closing of the transaction is subject to obtaining requisite approvals.

"We previously expressed our intent to review alternative business directions with the goal of enhancing shareholder value," stated Doug Croxall, CEO of Marathon Patent Group.
