

Company Overview

Phunware, Inc., is the pioneer of Multiscreen-as-a-Service (MaaS), a fully integrated enterprise cloud platform for mobile that provides companies the products, solutions, data and services necessary to engage, manage and monetize their mobile application portfolios and audiences globally at scale. Phunware's Software Development Kits (SDKs) include location-based services, mobile engagement, content management, messaging, advertising, loyalty and rewards (PhunCoin), and analytics, as well as a mobile application framework of pre-integrated iOS and Android software modules for building in-house or channel-based mobile application and vertical solutions. Phunware helps the world's most respected brands create category-defining mobile experiences, with more than one billion active devices touching its platform each month.
