Sonim Launches Unlocked Versions of Ultra-Rugged XP3plus Phone for Global Markets

Popular, Affordable Flip Phone Delivers Simple, Fast and Reliable Communications with Freedom to Choose

AUSTIN, Texas, March 9, 2022 /PRNewswire/ -- [Sonim Technologies](#) (Nasdaq: SONM) announced today that unlocked versions of the XP3plus flip phone are now available globally. There will be two versions of the unlocked XP3plus available – one for North America and one for Europe/Rest-of-world. The new Sonim XP3plus builds on the legacy of its ultra-rugged, and very popular, predecessor, the XP3, to deliver enhanced capabilities for those who need simple, fast and reliable voice communications in a compact package.

"We are taking our most popular rugged phone form factor and now making it available to a wider global audience," said John Graff, Sonim chief marketing officer. "The unlocked versions of this popular flip phone are network agnostic and available to users who want the flexibility to find a plan and network that best meets their needs."

With a simple and reliable design, the XP3plus has a larger display, additional programmable buttons to improve productivity, and a new intuitive user interface with dynamic soft keys. A larger battery, strongest in its' class, offers performance that lasts for days not hours.

This compact flip phone meets [Sonim's Rugged Performance Standards](#) (RPS). Based on more than ten years of feedback from customer usage in the world's most extreme environments, Sonim Rugged Performance Standards consist of 12 benchmarks of endurance and durability that exceed military durability standards (MIL-STD-810H).

The XP3plus is drop proof and waterproof. It can withstand drops from 1.5 meters onto concrete and be submerged in 1.5 meters of water for 30 minutes. Audio quality in Sonim devices is superior and the XP3plus is no exception. The 100dB+ ultra-loud and clear audio speaker with noise-cancellation is loud enough to be heard in the noisiest work environment or family gathering. It also comes with Sonim's industry-leading 3 year comprehensive warranty.

The XP3plus is currently available through the following Sonim distribution partners:

United States/Canada

- Crossover

Europe

- Capestone

Australia/New Zealand/Asia

- Logic Wireless

Additional distributors will be added soon – visit the Sonim website for the latest information.
