About Energous Corporation

Energous Corporation is the developer of WattUp[®] -- an award-winning, wire-free charging technology that will transform the way consumers and industries charge and power electronic devices at home, in the office, in the car and beyond. WattUp is a revolutionary radio frequency (RF) based charging solution that delivers intelligent, scalable power via radio bands, similar to a Wi-Fi router. WattUp differs from older wireless charging systems in that it delivers contained power, at a distance -- thus resulting in a wire-free experience that saves users from having to remember to plug in their devices.
