## Apollo Funds to Acquire Additional Common Shares of ABC Technologies Holdings Inc.

NEW YORK, Feb. 14, 2022 (GLOBE NEWSWIRE) -- AP IX Alpha Holdings (Lux) S.a r.l. (the “**Purchaser**”), an affiliate of certain funds managed by affiliates of Apollo Global Management, Inc. (the “**Apollo Funds**”), announced today that, on February 11, 2022, it entered into purchase agreements (the “**Agreements**”) to purchase up to 10,000,000 common shares (the “**Common Shares**”) of ABC Technologies Holdings Inc. (“**ABC**”) from affiliates of Coliseum Capital Management, LLC (the “**Seller**”). Under the terms of the Agreements, the Purchaser will acquire (i) 5,000,000 Common Shares (the “**Initial Transaction Shares**”) and (ii) if the Seller participates in ABC’s rights offering (as further described in the rights offering circular of ABC dated January 12, 2022, the “**Rights Offering**”), the 5,000,000 Common Shares (the “**Rights Shares**”) that may be issued to the Seller pursuant to the Rights Offering. The Purchaser will pay CAD\$6.25 for each Common Share acquired, representing aggregate consideration of CAD\$62,500,000.00 for both the Initial Transaction Shares and the Rights Shares.

The Apollo Funds and their affiliates currently beneficially own or control, directly or indirectly, 31,168,685 Common Shares, representing approximately 53.9% of the 57,790,064 issued and outstanding Common Shares on a non-diluted basis. Following the closing of the Rights Offering and the transactions contemplated by the Agreements and assuming (i) the Apollo Funds maintain their 53.9% ownership of ABC (and do not acquire additional Common Shares under the additional subscription privilege under the Rights Offering or the previously announced standby purchase agreement entered into in connection with the Rights Offering), and (ii) the Apollo Funds acquire the Rights Shares, the Apollo Funds and their affiliates will beneficially own or control, directly or indirectly, 72,337,370 Common Shares, representing approximately 62.6% of the issued and outstanding Common Shares on a non-diluted basis (assuming 115,580,128 Common Shares are issued and outstanding following the closing of the Rights Offering).

The Purchaser holds the Common Shares for investment purposes. Subject to compliance with applicable laws, the Apollo Funds or their affiliates may determine to purchase additional Common Shares, or sell all or some of the Common Shares they will hold, either on the open market or in private transactions, depending upon the price of the Common Shares, market conditions, economic conditions and other factors. Apollo may formulate other purposes, plans or proposals regarding the Corporation, any of its subsidiaries or any of their respective securities or may change its intention with respect to any and all matters referred to above.

This press release is being issued pursuant to National Instrument 62-103 *–The Early Warning System and Related Take-Over Bid and Insider Reporting Issues* (“**NI 62-103**”) in connection with the transactions contemplated by the Agreements.
