ProPhase Labs, Inc. Announces Intention to Commence Tender Offer to Repurchase Up to 4,000,000 Shares of Its Common Stock

DOYLESTOWN, Pa., Aug. 15, 2017 (GLOBE NEWSWIRE) -- ProPhase Labs, Inc. (NASDAQ:PRPH) (www.ProPhaseLabs.com), a diversified natural health medical science company (the "Company" or "ProPhase"), today announced that it intends to commence a tender offer to purchase up to 4,000,000 shares of its common stock at a price per share of \$2.30 per share. The Company anticipates that the tender offer will be launched on or before August 25, 2017 and will remain open for at least 20 business days from initiation. If the maximum number of shares to be purchased in the tender offer were in fact tendered, the number of shares that would then be purchased in the tender offer represents approximately 24.7% of ProPhase's currently issued and outstanding common shares. If stockholders tender more than 4,000,000 shares, the maximum sought in the tender offer, ProPhase will purchase shares from all stockholders who properly tender shares, on a pro rata basis, based on the aggregate number of shares tendered. Ted Karkus, Chairman of the Board and Chief Executive Officer of ProPhase, has irrevocably committed to tender 500,000 shares he owns on the same terms and conditions as are offered to all other stockholders. The NASDAQ Official Closing Price of ProPhase's common stock on August 15, 2017 was \$2.13 per share. ProPhase has approximately \$36.9 million in cash and cash equivalents, a portion of which will be used to fund the tender offer. The Board of Directors of ProPhase has determined to commence the tender offer in order to provide liquidity to its stockholders by permitting them the opportunity to tender shares of ProPhase common stock for cash in accordance with the terms of the offer to purchase that will be filed with the Securities and Exchange Commission.

None of ProPhase, its Board of Directors, the Information Agent or the Depositary will make any recommendations to stockholders as to whether to tender or refrain from tendering their shares into the tender offer. Stockholders must make their own decision as to how many shares they will tender, if any.
