PV CellTech USA is poised to be a ground-breaking event with a key focus on the critical parts of the value-chain necessary to build a fully audited domestic U.S. supply-chain for PV module producers; namely wafer and cell manufacturing. The event is almost sold out and will gather industry leaders from across all elements of the supply chain as well as investors, developers and EPCs and promises to be an invaluable opportunity for networking, gaining insights, and fostering partnerships within the burgeoning U.S. domestic PV manufacturing sector.

By participating at this conference, you will:

- Gain exclusive access to cutting-edge insights and trends in photovoltaic manufacturing.
- Network with industry leaders, innovators, and potential collaborators.
- Discover investment opportunities in the rapidly evolving PV manufacturing landscape.
- Position your organization at the forefront of sustainable technology and manufacturing.

To secure your place at this landmark conference, please [click here](#). Spaces are limited and selling out.

We look forward to seeing you at this pivotal event, where we anticipate lively discussions, invaluable connections, and a glimpse into the future of photovoltaic manufacturing in the USA. If you have any questions, please call your Roth

Representative at (800) 933.6830 or e-mail our event team.

Sincerely,
Roth Event Team | registration@roth.com
