Inuvo Reports 2010 Second Quarter Financial Results

Revenue Increases 20% Over First Quarter 2010

CLEARWATER, Fla.--(BUSINESS WIRE)-- Inuvo(TM), Inc. (NYSE Amex: INUV), a company focused on bringing the power of predictive modeling to the world of performance-based advertising, announced today its financial results for the second quarter ended June 30, 2010.

Inuvo reported today that revenue for the quarter ended June 30, 2010 was \$11.5 million, a 20% increase over the first quarter of 2010 and a 21% increase from the same quarter last year. The Company also reported that the technology focused Exchange segment grew 56% in revenue over the same quarter in 2009. For the six months ended June 30, 2010, revenue was slightly lower year-over-year.

Richard K. Howe, Inuvo's CEO said, "The Exchange segment of our business, which now represents about 83% of overall revenue, has been growing at about 12% compounded quarterly since Q2 of 2009. The Direct segment, after a year of transformation, is now ready to grow again and both business segments showed progress by posting increases in gross margin."

Gross profit was up 15% in the second quarter to \$4.3 million and 37.7% of revenue compared to \$3.8 million or 39.7% of revenue for the same quarter last year. For the six month period ended June 30, 2010, gross profit was \$8.1 million or 38.3% of revenue compared to \$7.9 million or 37.0% of revenue for the same six-month period last year.

The net loss for the second quarter was \$1.1 million compared to a net loss of \$773 thousand for the same period last year. The increased loss was the result of discontinued operations, which reported a net loss of \$7 thousand in the second quarter of 2010 versus \$508 thousand of net income in the same quarter last year. Discontinued operations include the iLead business that was exited in March 2010 and MarketSmart Advertising. Further contributing to the net loss in the second quarter of 2010 was a charge of \$150 thousand to increase the allowance for doubtful accounts. For the six-month period ended June 30, 2010, the net loss was \$2.1 million compared to \$1.6 million for the same period last year.

Adjusted EBITDA, a non-GAAP measure was \$582 thousand in the second quarter of this year compared to \$961 thousand in the same quarter last year. However, the adjusted EBITDA excluding discontinued operations for the second quarter was \$589 thousand this year compared to \$452 thousand for the comparable period last year and a loss of \$219 thousand in the first quarter of 2010.

Bank debt has been decreased since the start of the year by \$2 million.

Conference Call Information

The Company will host a conference call today, Tuesday, August 3, 2010 at 5:00 p.m. Eastern Time. Participants can access the call by dialing 888-669-0684 (domestic) or 201-604-0469 (international). In addition, the call will be webcast on the Investor Relations section of the Company's website at www.inuvo.com where it will also be archived for 45 days. A telephone replay will be available through August 17, 2010.

To access the replay, please dial 888-632-8973 (domestic) or 201-499-0429 (international). At the system prompt, enter the code 53388802 followed by the # sign. Playback will automatically begin.

Reconciliation of Net Loss to Adjusted EBITDA

In addition to disclosing financial results in accordance with United States generally accepted accounting principles ("GAAP"), our earnings release contains the non-GAAP financial measure "Adjusted EBITDA."

Adjusted EBITDA is not a measure of performance defined in accordance with GAAP. However, management believes that Adjusted EBITDA is useful to investors in evaluating the Company's performance because Adjusted EBITDA is a commonly used financial analysis tool for measuring and comparing companies in the Company's industry in areas of operating performance.

Management believes that the disclosure of Adjusted EBITDA offers an additional view of the Company's operations that, when coupled with the GAAP results and the reconciliation to GAAP net loss, provides a more complete understanding of the Company's results of operations and the factors and trends affecting the Company's business.

We present Adjusted EBITDA as a supplemental measure of our performance. We defined Adjusted EBITDA as net loss plus (i) interest expense, net, (ii) provision for taxes, (iii) depreciation and amortization, and (iv) stock based compensation. These further adjustments are itemized above. You are encouraged to evaluate these adjustments and the reasons we consider them appropriate for supplemental analysis. In evaluating Adjusted EBITDA, you should be aware that in the future we may incur expenses that are the same or similar to some of the adjustments in the presentation. Our presentation of Adjusted EBITDA should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items.
