# Sonim Completes Second Closing of Growth Equity Transaction

*Strategic Investment Driving Expansion Into Larger Semi-Rugged and Industrial 5G Growth Markets*

AUSTIN, Texas, Aug. 9, 2022 /PRNewswire/ -- [Sonim Technologies, Inc.](#) (Nasdaq: SONM) ("Sonim" or the "Company"), a leading U.S. provider of ultra-rugged mobile devices, accessories, and solutions designed specifically for task workers physically engaged in their work environments, today announced that on August 8, 2022, it closed the second tranche of its subscription agreement with U.S.-based AJP Holding Company, LLC ("AJP") whereby AJP has now purchased an aggregate of \$17.5 million in Sonim equity at a price of \$0.84 per share.

The second closing included approximately 5.9 million shares of Common Stock for an aggregate purchase price of \$5.0 million in gross proceeds. The first closing, completed in July 2022, included the purchase of approximately 14.9 million shares of Common Stock for an aggregate purchase price of \$12.5 million. Upon completion of the transaction, which was approved by stockholders at a special meeting held on June 28, 2022, AJP and its affiliated parties together own approximately 52% of Sonim's post-transaction outstanding capital stock based on an estimated 19.3 million shares outstanding prior to the transaction.

The agreement with AJP supports a new strategy whereby Sonim will expand from its core market in ultra-rugged mobile devices into the larger and faster growing semi-rugged and industrial 5G markets. This enhanced strategy proposed by AJP is expected to drive revenue growth, increase operating efficiency, accelerate ODM-based product development at lower cost and broaden Sonim's addressable market opportunities.
