## Wrap Technologies to Exhibit at the Annual IACP Conference

**LAS VEGAS, NV / ACCESSWIRE / October 5, 2018** Wrap Technologies, Inc. (the "Company") (OTCQB: WRTC), an innovator of modern policing solutions, today announced their participation at the 125th International Association of Chiefs of Police (IACP) Conference (Booth 339) at the Orange County Convention Center in Orlando, Florida from Sunday, October 7th through Tuesday, October 9th. The IACP is the largest law enforcement tradeshow in the world. IACP assembles the newest products and the latest technologies at the largest exposition designed specifically for law enforcement. More than 800 companies showcase their products and services geared towards law enforcement. The Company will be displaying BolaWrap 100, an exciting new policing tool to non-lethally engage with noncompliant subjects, especially those in mental crisis.

"We are thrilled to take this opportunity to meet with hundreds of law enforcement agencies that have responded to our marketing efforts including many foreign agencies attracted to IACP's annual event," said David Norris, President of Wrap Technologies. "Our exhibit also provides us the opportunity to present our latest BolaWrap innovations to new agencies and thousands of professionals attending IACP."

The Company continues to be frequently featured by media invited to product demonstrations by law enforcement agencies seeking to engage the community in a new policing innovation. BolaWrap was a cover feature of the *New York Post* on Tuesday entitled "[Batman Gizmo Wraps Em Up](#)".

### About Wrap Technologies (OTCQB: WRTC)

Wrap Technologies is an innovator of modern policing solutions. Wrap Technologies premiered its hand-held BolaWrap™ 100 remote restraint solution at the International Association of Police Chiefs ("IACP") October 2017 international conference. In December 2017, the Company completed a self-underwritten IPO and now trades on the OTCQB Venture Market for early stage and developing U.S. and international companies.

BolaWrap is a patented, hand-held remote restraint device that discharges an eight-foot bola style Kevlar® tether to entangle an individual at a range of 10-25 feet. Developed by award winning inventor Elwood Norris, the small but powerful BolaWrap assists law enforcement to safely and effectively control encounters.

**Trademark Information:** BolaWrap is a trademark of Wrap Technologies, Inc. All other trade names used herein are either trademarks or registered trademarks of the respective holders.

## **Cautionary Note on Forward-Looking Statements - Safe Harbor Statement**

This press release contains "forward-looking statements" within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995, including but not limited to statements regarding the Company's overall business, total addressable market and expectations regarding future sales and expenses. Words such as "expect," "anticipate," "should," "believe," "target," "project," "goals," "estimate," "potential," "predict," "may," "will," "could," "intend," variations of these terms or the negative of these terms and similar expressions are intended to identify these forward-looking statements. Forward-looking statements are subject to a number of risks and uncertainties, many of which involve factors or circumstances that are beyond the company's control. The Company's actual results could differ materially from those stated or implied in forward-looking statements due to a number of factors, including but not limited to: the Company's ability to successfully develop and implement training programs for the use of its products; the Company's ability to manufacture and produce product for its customers; the Company's ability to develop sales for its new product solution; the acceptance of existing and future products; the availability of funding to continue to finance operations; the complexity, expense and time associated with sales to law enforcement and government entities; the lengthy evaluation and sales cycle for the Company's product solution; product defects; litigation risks from alleged product-related injuries; risks of government regulations; the ability to obtain patents and defend IP against competitors; the impact of competitive products and solutions; and the Company's ability to maintain and enhance its brand, as well as other risk factors included in the Company's most recent quarterly report on Form 10-Q and other SEC filings. These forward-looking statements are made as of the date of this press release and were based on current expectations, estimates, forecasts and projections as well as the beliefs and assumptions of management. Except as required by law, the Company undertakes no duty or obligation to update any forward-looking statements contained in this release as a result of new information, future events or changes in its expectations.
