Wrap Technologies Receives Multiple BolaWrap Orders in March 2020

TEMPE, AZ / ACCESSWIRE / April 9, 2020 / Wrap Technologies, Inc. (the "Company" or "Wrap") (NASDAQ:WRTC), an innovator of modern policing solutions, today announced new BolaWrap product orders from police agencies in California, Missouri, Illinois, Virginia, Louisiana, Maryland, Minnesota, and Washington during March 2020.

"It is encouraging to see orders continue to come through despite the challenging climate throughout the world created by the COVID-19 pandemic," said David Norris, CEO of Wrap Technologies. "We believe BolaWrap is an essential tool for law enforcement to restrain non-compliant subjects, especially those suffering from a mental crisis, and the support we continue to receive from officers in the field supports that thesis. It's very encouraging for us to see law enforcement agencies realize the importance of equipping their officers with our product, especially considering the social and economic impacts of COVID-19."

About Wrap Technologies (Nasdaq: WRTC)

Wrap Technologies is an innovator of modern policing solutions. The Company's BolaWrap 100 product is a patented, hand-held remote restraint device that discharges an eight-foot bola style Kevlar® tether to entangle an individual at a range of 10-25 feet. Developed by award-winning inventor Elwood Norris, the Company's Chief Technology Officer, the small but powerful BolaWrap 100 assists law enforcement to safely and effectively control encounters, especially those involving an individual experiencing a mental crisis. Cautionary Note on Forward-Looking Statements - Safe Harbor Statement

This press release contains "forward-looking statements" within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995, including but not limited to statements regarding the Company's overall business, total addressable market and expectations regarding future sales and expenses. Words such as "expect," "anticipate," "should," "believe," "target," "project," "goals," "estimate," "potential," "predict," "may," "will," "could," "intend," variations of these terms or the negative of these terms and similar expressions are intended to identify these forward-looking statements. Forward-looking statements are subject to a number of risks and uncertainties, many of which involve factors or circumstances that are beyond the Company's control. The Company's actual results could differ materially from those stated or implied in forward-looking statements due to a number of factors, including but not limited to: the Company's ability to successfully implement training programs for the use of its products; the Company's ability to

manufacture and produce product for its customers; the Company's ability to develop sales for its new product solution; the acceptance of existing and future products; the availability of funding to continue to finance operations; the complexity, expense and time associated with sales to law enforcement and government entities; the lengthy evaluation and sales cycle for the Company's product solution; product defects; litigation risks from alleged product-related injuries; risks of government regulations; the ability to obtain export licenses for countries outside of the US; the ability to obtain patents and defend IP against competitors; the impact of competitive products and solutions; and the Company's ability to maintain and enhance its brand, as well as other risk factors included in the Company's most recent annual report on Form 10-K and other SEC filings. These forward-looking statements are made as of the date of this press release and were based on current expectations, estimates, forecasts and projections as well as the beliefs and assumptions of management. Except as required by law, the Company undertakes no duty or obligation to update any forward-looking statements contained in this release as a result of new information, future events or changes in its expectations.
