Wrap Announces Five Year Subscription Sale of Wrap Reality Virtual Reality Training Software

TEMPE, Ariz., May 23, 2022 (GLOBE NEWSWIRE) -- **Wrap Technologies, Inc. (Nasdaq: WRAP)** (the "Company"), a global leader in innovative public safety technologies and services, today announced that it has received a purchase order for Wrap Reality, the Company's fully immersive, virtual reality training simulation system from a County Sheriff's Office in Kentucky.

The initial demonstration of the Wrap Reality virtual reality training system took place in March of 2022 and highlighted the benefits of realistic roleplaying scenarios through the company's immersive simulator, enabling officers to implement de-escalation tactics to practice successfully ending situations without injury. The software subscription contract is multi-year and has a duration of five years.

"The length of this contract indicates the trust that the market has in the ability of our virtual reality software to deliver valuable law enforcement training," said Wrap CEO, TJ Kennedy. "We will continue to develop innovative software solutions that improve the resolution of conflicts safely for public safety."

About Wrap

Wrap Technologies (Nasdaq: WRAP) is a global leader in innovative public safety technologies and services. Wrap develops creative solutions to complex issues and empowers public safety officials to protect and serve their communities through its portfolio of advanced technology and training solutions.

Wrap's BolaWrap[®] Remote Restraint device is a patented, hand-held pre-escalation and apprehension tool that discharges a Kevlar[®] tether to temporarily restrain uncooperative suspects and persons in crisis from a distance. Through its many field uses and growing adoption by agencies across the globe, BolaWrap is proving to be an effective tool to help law enforcement safely detain persons without injury or the need to use higher levels of force.

Wrap Reality, the Company's virtual reality training system, is a fully immersive training simulator and comprehensive public safety training platform providing first responders with the discipline and practice in methods of de-escalation, conflict resolution, and use-of-force to better perform in the field.
